Agenda	Discussion	Decision	Outcome
Call to Order	Meeting was called to order at 3:31 p.m. by Chair Wang • Board members introductions • Virtual meeting instructions reviewed • Individuals joining by phone welcomed. • Minutes of 1/7/21 meeting reviewed • Agenda reviewed	Chun-Lum moved to approve minutes as submitted. Tam seconded.	Minutes approved by unanimous roll call vote.
Tobacco Prevention and Control 2030 Plan	Hansen-Smith shared the context and framework of the final version of the Tobacco Prevention and Control Plan (TPCP) 2030. There are 12 TPCP Objectives which are meant to be dynamic and will be assessed and updated throughout the plan's timeline. A TPCP 2030 Tracker will be developed and housed on the Hawaii Health Data Warehouse. The TPCP can be accessed, downloaded and interacted with at:		Questions taken and time for discussion provided Lee suggested that youth prevention activities be broad based and include venues, places and organizations where youth spend time in addition to school setting. Gloria asked if some information could be provided regarding smoking trends within LGBT population subgroups that could shed some light on whether this group should be aggregated or if disaggregation of this group should be considered Hansen-Smith responded that the DOH Tobacco Program intends to work with the community stakeholders on implementation to find out what they think would be the best way to reach and meet the needs of subgroups and to take the lead.

	www.HHSP.hawaii.gov Website overview was shared.		Irvin shared the following links via chat regarding data on priority populations identified in the Tobacco Prevention Plan Tracker, and two health reports for sexual and gender minority groups: • Healthy Hawaii Strategic Plan which includes the Tobacco Prevention and Control Plan https://hhsp.hawaii.gov/ • Hawaii Health Data Warehouse Indicator Based Information System (HHDW-IBIS) http://ibis.hhdw.org/ibisph-view/ • Hawaii Health Matters and Tobacco Plan Tracker http://www.hawaiihealthmatters.org/indicators/index/dashboard?id=8301676215417369 2 • Hawaii Sexual and Gender Minority Health Report, 2017 https://health.hawaii.gov/surveillance/files/2017/05/HawaiiSexualandGenderMinorityHealthReport.pdf • Hawaii Sexual and Gender Minority Health Report, 2018: A focus on transgender youth https://health.hawaii.gov/surveillance/files/2018/09/HawaiiSexualandGenderMinorityHealthReport2018.pdf Wang commented that dynamically as strategies are added the priority populations must be kept in mind as it can be tricky to keep track of these within the high level and cross cutting nature of the current plan. Hansen-Smith concurred. Priority populations are the main focus of the objectives and activities, and their health measures will be closely tracked.
	Chair called for motion to adopt Tobacco Prevention & Control 2030 Plan	Hirokawa moved to approve Tobacco Prevention and Control 2030 Plan. Chun-Lum seconded.	Tobacco Prevention & Control 2030 Plan was adopted unanimously by roll call vote.

	Tamashiro presented on next steps for the Tobacco Prevention & Control 2030 Plan Federal Core Grant Funding requirement to work with three selected priority populations. • Behavioral Health (Mental Health / Substance Use) – Statewide effort. Board members invited to get involved with Advisory Group being formed. • Native Hawaiian – Sub community of focus. Establishing coalition within Native Hawaiian Community to address tobacco use. • Youth & Young Adults – E-cigarette issue Shared overview and points of engagement for continuing work within LGB&T & Low Socioeconomic Status populations.		Questions taken and time for discussion provided. Lee asked if the My Life My Quit youth cessation program allows teachers to refer students. Lopez responded that there is an option for health care providers, educators, etc. to submit a referral online on the My Life My Quit website through the Resource Tab. Offered to follow-up on providing additional information to the Board. Chair shared that Tobacco Prevention & Control Plan implementation updates will be a standing agenda item at future meetings.
Legislative Update and Implications	Johnson shared a summary of the Electronic Smoking Device Legislation introduced and outcomes for 2021 session. Irvin provided an update on the status of HB1296 and the implications to the role of the advisory board should this bill become law.		Chun-Lum asked if there was any sense of how many people have written the Governor to veto HB1296? Irvin responded that is not something we know. Tam shared that people have not been mute. People have been making displeasure known. Irvin thanked the Advisory Board for their commitment to service. The Advisory Board has been in place for 20 years.

Tobacco Prevention and Control Advisory Board Meeting
(Prior to Approval)
June 18, 2021 3:30 p.m. to 4:30 p.m.
Via Zoom

Request for Public Comment	Chair Wang made request for Public Comment.		Lipsher asked how do we keep abreast of what is happening with the Tobacco Prevention & Control Plan? Irvin replied that BRFSS and YRBS data will be updated on Healthy Hawaii Data Warehouse (HHDW) and Hawaii Health Matters websites for long term outcomes. Updates can be made to Healthy Hawaii Strategic Plan according to stakeholder input and policy impacts within the 10-year timeframe. Weisman pointed out that this is a community plan and not just a Department of Health Plan. Hundreds have participated in developing it and hundreds more will be involved in implementation. He urged the Board to get involved and bring others to be involved. Chair agreed and acknowledged that the Board has a responsibility to ensure the priority populations are embedded in the plan and to be an active participant in it.
Adjournment	Meeting was adjourned by Chair Wang at 4:43 pm		

Respectfully submitted,

_____
Danelle Cheng
Department of Health
Chronic Disease Prevention and Health Promotion Division

Approved:

_____
Dr. Anthea Wang, Chair
