The Hawai'i Behavioral Health and Homelessness Statewide Unified Response Group (BHHSURG) humbly invites you to learn about some of our organization's collaborative efforts to care for Hawai'i's most vulnerable populations in response to COVID-19. Hosted by Nai'a Lewis ("Salted Logic"), **"Aloha and Resiliency Amid COVID-19 and Beyond: Bridging Public, Private, and Community Organizations for Kūpuna and those Experiencing Homelessness"** is a panel presentation that will: (1) survey current initiatives guided by Hawai'i-based organizations regarding continuity care for vulnerable populations, (2) identify gaps in services and challenges associated with the delivery of those services, (3) forecast trends that may future operational needs, and (4) connect organizations to other groups and care providers to improve the quality of collective care for the people of Hawai'i.
