

Provider Bulletin

for the Adult Mental Health Division

**Community Based Case Management - Recovery Services
Hawaii Certified Peer Specialist (HCPS)
June 22, 2012**

The Adult Mental Health Division (AMHD) is currently reviewing the cost reimbursement budgets for Community Based Case Management - Recovery Services (CBCM-RS) Hawaii Certified Peer Specialist (HCPS) services. Once we have approved the reimbursement rate and costs that will be allowed as part of cost reimbursement for CBCM-RS HCPS services, we will communicate that decision to all CBCM-RS providers. Without approved budgets for HCPS services invoices can not be processed.

Please hold all invoices for this service until you receive notification from AMHD that invoices can be received and processed. Thank you for your continued patience as we work towards resolution for this issue. We hope to have this issue resolved soon.

If you have any questions regarding this process please contact Kau'i Martinez, AMHD Case Management & Support Services Specialist, at (808) 453-6924 or email to kau.martinez@doh.hawaii.gov, or Steve Balcom, AMHD Crisis / Specialized Residential Services Coordinator at (808) 453-6922 or email to steve.balcom@doh.hawaii.gov
