

S-10: Application for a Temporary Noncovered Source Permit

In providing the required information, reference the corresponding letters and numbers listed below.

- I. In accordance with Hawaii Administrative Rules (HAR) §11-60.1-63, the following information is required:**
- A. Equipment Specifications:
 - 1. Maximum design capacity.
 - 2. Fuel type.
 - 3. Fuel use.
 - 4. Production capacity.
 - 5. Production rates.
 - 6. Raw materials.
 - 7. Provide any manufacturer's literature.
 - B. Provide detailed descriptions of all processes and products. Also, provide any reasonably anticipated alternative operating scenarios, associated processes, and products.
 - C. Identify and describe in detail all air pollution control equipment and compliance monitoring devices or activities planned by the owner or operator, and to the extent of available information, an estimate of emissions before and after controls. Provide all calculations and assumptions.
 - D. Current operational limitations or work practices, or for noncovered sources that have not yet begun operation, such limitations or practices which the owner or operator of the noncovered source plans to implement that affect emissions of any regulated or hazardous air pollutants at the source.
 - E. Provide a detailed schedule for construction or modification of the proposed noncovered source, including any major milestones, if applicable.
 - F. Provide an explanation of all proposed exemptions from any applicable requirement(s).
 - G. Provide a Compliance Plan, Form C-1.
- II. Submit an application fee according to the Application Fee Schedule in the Instructions for Applying for an Air Pollution Control Permit.**
- III. Provide other information as follows:**
- A. As required by any applicable requirement or as requested and deemed necessary by the Director of Health (hereafter, Director) to make a decision on the application.
 - B. As may be necessary to implement and enforce other applicable requirements of the Clean Air Act or of HAR Chapter 11-60.1 or to determine the applicability of such requirements.

IV. The Director reserves the right to request the following information:

- A. An assessment of the ambient air quality impact of the noncovered source or modification. The assessment shall include all supporting data, calculations and assumptions, and a comparison with the National Ambient Air Quality Standards and State Ambient Air Quality Standards.
- B. A risk assessment of the air quality related impacts caused by the noncovered source or modification to the surrounding environment.
- C. Results of source emissions testing, ambient air quality monitoring, or both.
- D. Information on other available control technologies.

V. An application shall be determined to be complete only when all of the following have been complied with:

- A. All information required or requested in numbers **I, III, IV** has been submitted.
- B. All documents requiring certification have been certified pursuant to HAR §11-60.1-4.
- C. All applicable fees have been submitted.
- D. The Director has certified that the application is complete.

VI. The Director shall not continue to act upon or consider an incomplete application.

- A. The applicant shall be notified in writing whether the application is complete. Unless the Director requests additional information or notifies the applicant of incompleteness within sixty days of receipt of an application, the application shall be deemed complete.
- B. During the processing of an application that has been determined or deemed complete, if the Director determines that additional information is necessary to evaluate or take final action on the application, the Director may request such information in writing and set a reasonable deadline for a response.

VII. The Director, in writing, shall approve, conditionally approve, or deny an application for a Noncovered Source Permit within six months after receipt of a complete application. A Noncovered Source Permit application for a new noncovered source or a modification shall be approved only if the Director determines that the construction or operation of the new noncovered source or modification will be in compliance with all applicable requirements.

VIII. Upon issuance of a Temporary Noncovered Source Permit, the following information is required:

- A. Provide all succeeding location changes to the Director for approval at least thirty days or such lesser time as designated and approved by the Director, prior to the change in location. The owner or operator shall submit sufficient information to enable the Director to assess the air quality impact the temporary noncovered source may have at the new location.
- B. Temporary Noncovered Source Permit identification number and expiration date.
- C. Location map of the new temporary location, identifying the surrounding commercial, industrial, and residential developments.
- D. Projected dates of operation at the new location.
- E. Certification that no modification will be made to the equipment, and operational methods will remain similar as permitted under the Temporary Noncovered Source Permit at the new location.

IX. The Director shall not continue to act upon or consider a location change request, unless the following have been submitted:

- A. All information required in number **VIII**.
- B. Any additional information as requested by the Director.
- C. Any applicable fees.

X. Prior to any relocation, the Director shall approve, conditionally approve, or deny in writing each location change. If the Director denies a location change, the applicant may appeal the decision pursuant to Hawaii Revised Statutes, Chapter 91.

XI. With the exception of the initial location, if a source remains in any one location for longer than twelve consecutive months, the Director may request an ambient air quality impact assessment of the source.

XII. At each of the authorized locations, the owner or operator shall operate in accordance with the Temporary Noncovered Source Permit and all applicable requirements.
