

CLEAN WATER BRANCH SAMPLING STATION INFORMATION

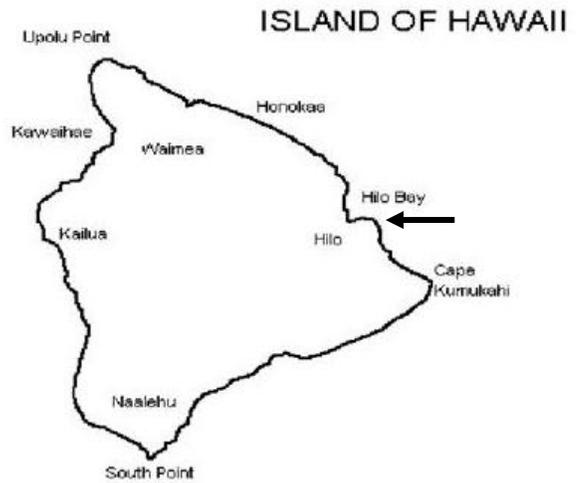

STORET NO.: 001147

LOCATION: Lehia Beach Park

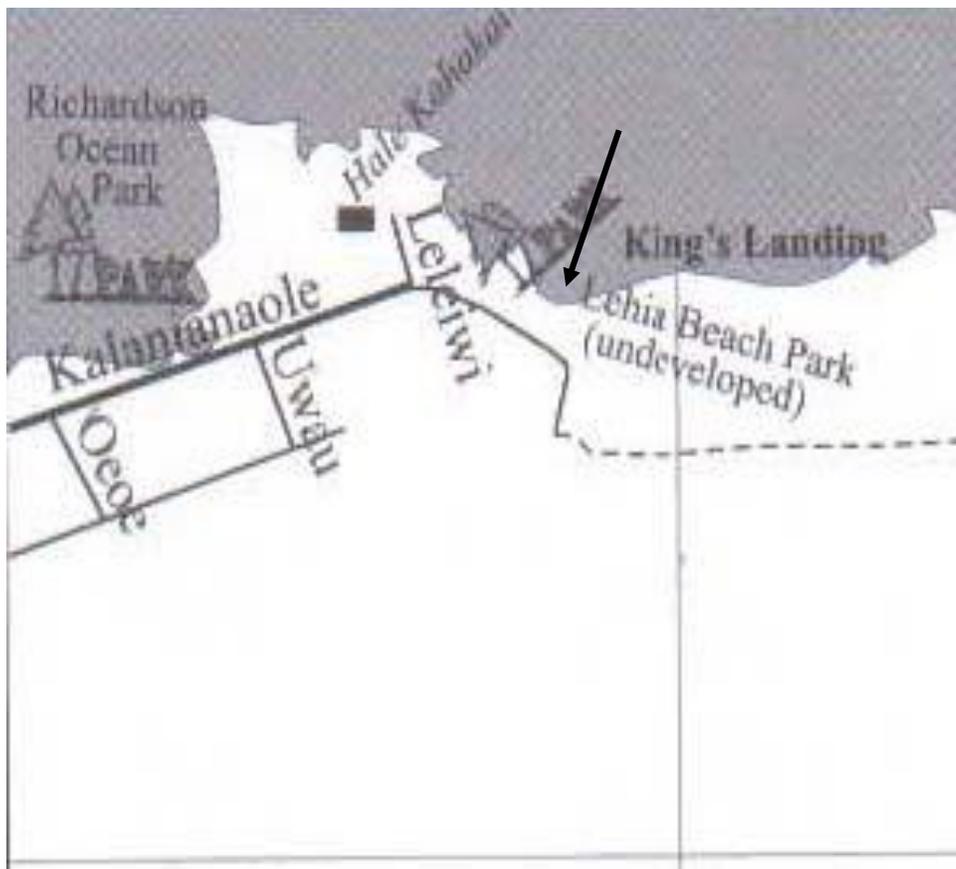

LATITUDE: 19° 44' 5.5"

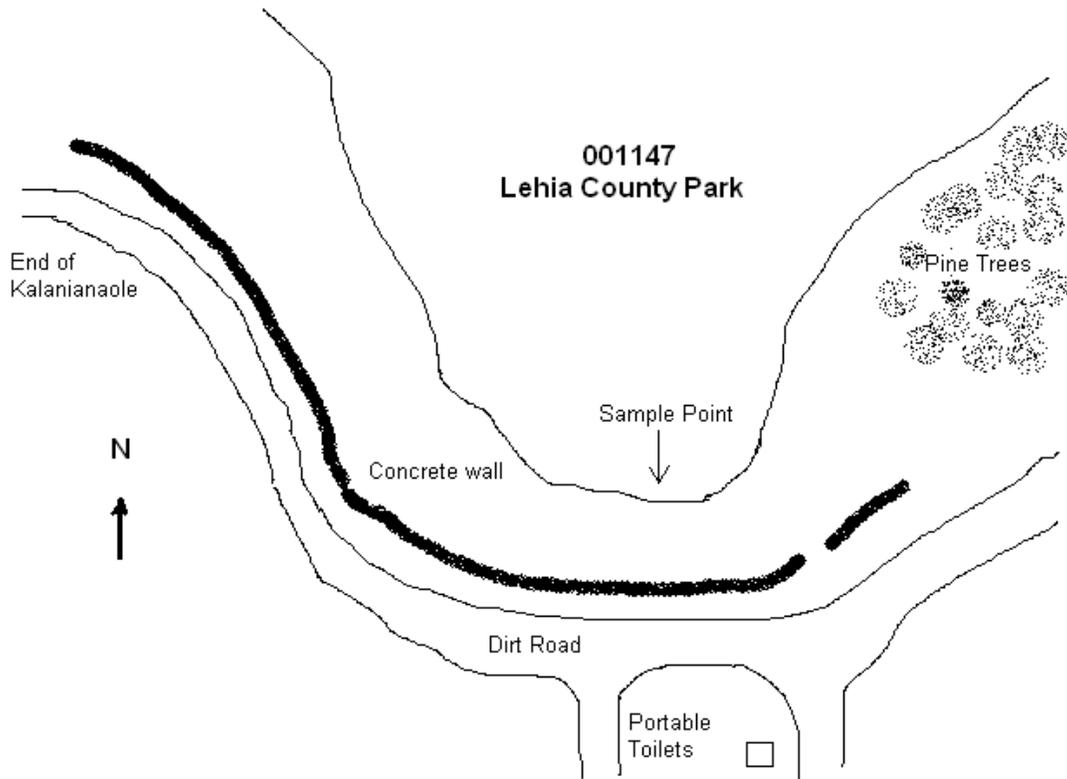

LONGITUDE: 155° 00' 35.7"

DATE: 6/16/09

Description: Go all the way to the eastern end of Kalaniana'ole Avenue. Pavement will end and follow the gravel road until the grassy area where the portable toilets are located. There is a concrete wall between the dirt road and the shoreline. Go over the wall and the sample site is located in the middle of the small bay. Map below is from the Ready Mapbook of East Hawaii.

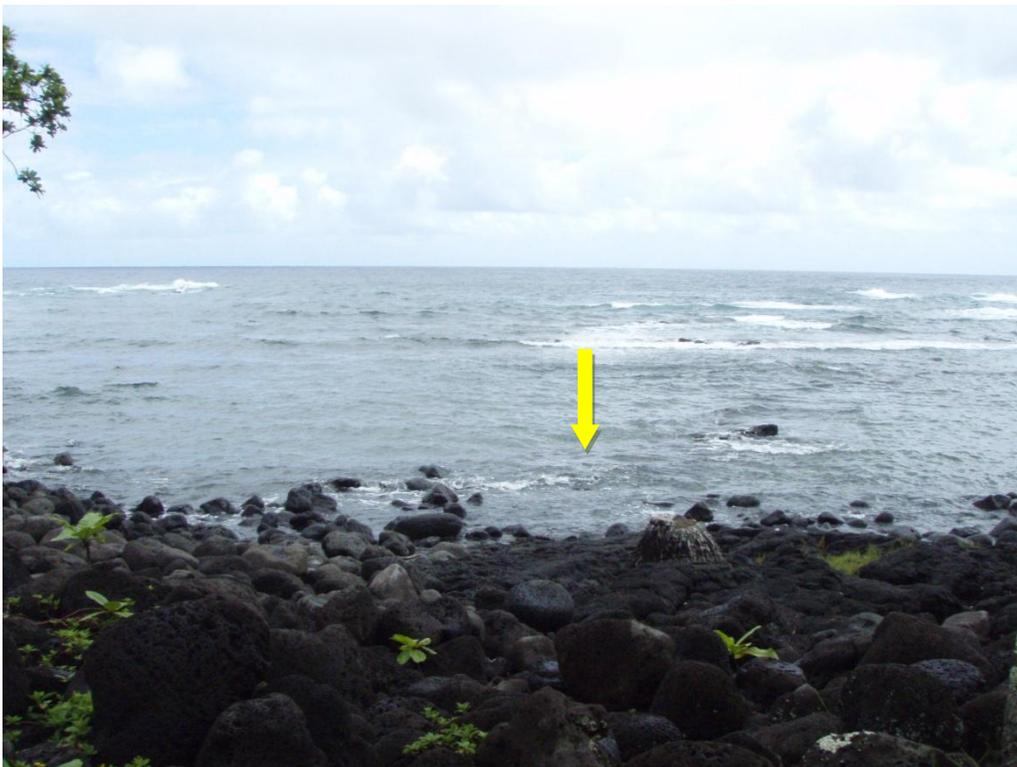

End of Kalaniana'ole Avenue. Continue on to the gravel road. Concrete wall to the left.

Grassy area and portable toilets. Sample site located to the left over concrete wall.

Concrete wall. Sample site located on the other side

Sample site shown by yellow arrow.
