

Stables storet # 708

Lat/Long: N20°54'34.3"
W156°25'24.9"
(NAD83; ±5m)

Comments: The dirt road leading to the sample site is located about 200 yards west from the Kahului Airport Beacon. The beacon is found towards the end of Stable Road. Stable Road is also called Sprecklesville Road. In the past reports of fecal material washing onto the shoreline have been received. In the cases investigated the material was found to be turtle feces.

Kahului Airport Beacon as seen from the sand dunes above the sample site.
