Comments: This is a public beach access which is located on a parcel owned by the Dowling Corporation. Kayak tours used to use the access as a launching point, but this has been recently (summer 2008) prohibited by the property owner. Rain events may generate a muddy plume in the near shore waters.

Makena Landing as seen from mauka shoulder of Makena Road. Restrooms and shower is to the left of the ramp and the parking lot is off to the right.
