

Napili
Storet #000723

Lat/Long: N20°59'39.2"
W156°40'02.7"
(NAD83; ±5m)

Comments: This is a white sandy beach. There have been reports of fecal matter washing up on shore at this beach, in most of the cases the feces turned out to be turtle feces. There is a large drainage ditch near the south end of the beach.

Beach access leading to the south end of Napili Bay. This access is found at the end of Napili Place.

View of Napili Bay as seen from the southern end of the beach.
