Disability & Communication Access Board
Communication Access Providers
September 2013 Directory

This list of communication access providers is for informational purposes only. The Department of Health (DOH), Disability and Communication Access Board (DCAB) does not represent an endorsement or recommendation any provider. Providers included on this list have given DCAB written permission to publish their information and take responsibility for the accuracy of the information. Inclusion on this list verifies that the communication access provider has current credentials to provide their services in Hawaii. Communication access providers are usually employed as independent contractors. All terms and conditions of such employment should be negotiated between the contractor and the hiring agency. Agencies and businesses who employ communication access providers are encouraged to review **Hawaii Administrative Rules, Title 11, Chapter 218** for general guidelines, recommended fee schedules and an explanation of credentials and certification levels. Agencies and businesses who would like to obtain the direct employment of communication access providers are encouraged to use a professional statewide referral service such as **Hawaii Interpreting Services**.
