*Children who are underinsured (have health insurance that does not include vaccinations) are eligible to receive VFC vaccines only at Federally Qualified Health Centers (FQHC) or Rural Health Clinics (RHC). Providers who do not wish to refer their underinsured children to a FQHC or RHC have the option of vaccinating these children in their office using private stock vaccine and charging the child's parent/guardian/individual of record for the vaccines or absorbing the cost of the vaccines.
