

VACCINE POINTS

“Vaccine Points” is a bi-monthly communication distributed by the Hawaii Department of Health to all participating Vaccines for Children (VFC) providers.

The Centers for Disease Control and Prevention (CDC) recently revised the Vaccine Information Statements (VISs) for the following:

Multi Pediatric Vaccines - <http://www.cdc.gov/vaccines/hcp/vis/vis-statements/multi.pdf>

Pneumococcal Conjugate (PCV13) Vaccine - <http://www.cdc.gov/vaccines/hcp/vis/vis-statements/pcv13.pdf>

According to CDC, the updated versions are now final (as opposed to interim) VISs. Providers are encouraged to begin using these VISs immediately. Stocks of the previous editions may be used until exhausted.

Please download the most recent editions for these VISs and replace the copies in your VIS Binder, provided to you by the Hawaii VFC program last year.

Please verify that all of the VISs you distribute are current.

The Immunization Action Coalition provides VISs in different languages.

Visit <http://www.immunize.org/vis/> and click on the “Language Index” tab to access the translated VISs.
