

RECYCLE DEPOSIT BEVERAGE CONTAINERS HERE

Look for the HI 5¢ label before you buy.

Only labeled containers can be redeemed for cash. If you have been charged a deposit for an unlabeled or nonredeemable container, return it to the store where it was purchased and call the Dept. of Health at (808)586-4226.

It's more exact to count. It's faster to weigh. If you have 200 containers or less, they will be counted upon your request. You can choose to separate your small plastic bottles (17 fluid oz. and under) to be weighed at a higher conversion rate for more cash back.

PLASTIC		ALUMINUM	BI-METAL	GLASS
Small sizes 17 oz. or less Sorted 	Mixed sizes 68 oz. or less 	Okay to crush 	Beverage cans with seams along side 	
				
26.3 containers per lb.	18.8 containers per lb.	32 containers per lb.	5.9 containers per lb.	2.4 containers per lb.
=	=	=	=	=
\$1.315	\$0.94	\$1.60	\$0.295	\$0.12

Customers may request hand counts for up to 200 bottles or cans.

For more recycling tips and a complete list of redemption centers, visit hi5deposit.com or call the Department of Health at (808) 586-4226.

**Go ahead, Hawai'i:
Give yourself a HI-5**
