## State of Hawaii Department of Health Indoor and Radiological Health (IRH) Branch Noise Section 99-945 Halawa Valley Street Aiea, Hawaii 96701 (808) 586-4700

## APPLICATION FOR COMMUNITY NOISE VARIANCE

Refer to "Guide to Application for Community Noise Variance" for instructions. Submit attachments if necessary. Application form and attachments must be submitted in triplicate.

1.	Applicant Identification			
	Company Name	Telephone		
	Authorized Individual	Telephone		
	Title			
	Mailing Address			
2.	Type and purpose of activity			
3.	Location of activity			
4.	Time of activity			
5.	Estimated duration of construction activity (Specify dates)			
	From	То		

<ol> <li>Description of immediate impact area</li> <li>List of equipment to be utilized (attach list if necessary)</li> <li>Plans and procedures for the attenuation of noise emission emanating from the activity</li> <li>Identify specific provisions of statutes or rules for which the variance is requested (include specific sections)</li> <li>Description of alternatives to the proposed activity</li> <li>Describe why the present or proposed activity cannot be altered to comply with applicable statutes or rules</li> <li>Description of any adverse environmental effects which cannot be avoided</li> <li>Discuss the relationship between short-term (temporary) use of the environment, and the maintenance and enhancement of long-term productivity</li> <li>Discuss any irreversible and irretrievable commitments of resources which would be involved in the proposed activity</li> </ol>	6.	Schedule of activity (Submit as attachment)
<ol> <li>Plans and procedures for the attenuation of noise emission emanating from the activity</li> <li>Identify specific provisions of statutes or rules for which the variance is requested (include specific sections)</li> <li>Description of alternatives to the proposed activity</li> <li>Describe why the present or proposed activity cannot be altered to comply with applicable statutes or rules</li> <li>Description of any adverse environmental effects which cannot be avoided</li> <li>Discuss the relationship between short-term (temporary) use of the environment, and the maintenance and enhancement of long-term productivity</li> <li>Discuss any irreversible and irretrievable commitments of resources which would be</li> </ol>	7.	Description of immediate impact area
<ol> <li>Identify specific provisions of statutes or rules for which the variance is requested (include specific sections)</li> <li>Description of alternatives to the proposed activity</li> <li>Describe why the present or proposed activity cannot be altered to comply with applicable statutes or rules</li> <li>Description of any adverse environmental effects which cannot be avoided</li> <li>Discuss the relationship between short-term (temporary) use of the environment, and the maintenance and enhancement of long-term productivity</li> <li>Discuss any irreversible and irretrievable commitments of resources which would be</li> </ol>	8.	List of equipment to be utilized (attach list if necessary)
<ol> <li>(include specific sections)</li> <li>Description of alternatives to the proposed activity</li> <li>Describe why the present or proposed activity cannot be altered to comply with applicable statutes or rules</li> <li>Description of any adverse environmental effects which cannot be avoided</li> <li>Discuss the relationship between short-term (temporary) use of the environment, and the maintenance and enhancement of long-term productivity</li> <li>Discuss any irreversible and irretrievable commitments of resources which would be</li> </ol>	9.	Plans and procedures for the attenuation of noise emission emanating from the activity
<ul> <li>Describe why the present or proposed activity cannot be altered to comply with applicable statutes or rules</li> <li>Description of any adverse environmental effects which cannot be avoided</li> <li>Discuss the relationship between short-term (temporary) use of the environment, and the maintenance and enhancement of long-term productivity</li> <li>Discuss any irreversible and irretrievable commitments of resources which would be</li> </ul>	10.	•
<ul> <li>applicable statutes or rules</li> <li>13. Description of any adverse environmental effects which cannot be avoided</li> <li>14. Discuss the relationship between short-term (temporary) use of the environment, and the maintenance and enhancement of long-term productivity</li> <li>15. Discuss any irreversible and irretrievable commitments of resources which would be</li> </ul>	11.	Description of alternatives to the proposed activity
<ul> <li>Discuss the relationship between short-term (temporary) use of the environment, and th maintenance and enhancement of long-term productivity</li> <li>Discuss any irreversible and irretrievable commitments of resources which would be</li> </ul>	12.	• • • • • • • • • • • • • • • • • • • •
maintenance and enhancement of long-term productivity  15. Discuss any irreversible and irretrievable commitments of resources which would be	13.	Description of any adverse environmental effects which cannot be avoided
•	14.	Discuss the relationship between short-term (temporary) use of the environment, and the maintenance and enhancement of long-term productivity
	15.	·
