Notice of **NEW Registration Process**

Dear **Patient Name**,

The Department of Health's Medical Marijuana Registry has a NEW Registration Process that will directly impact the renewal of your 329 registration card. Our records indicate that you are currently eligible to renew, **DON'T DELAY!!!**

If you already renewed your 329 card, please disregard this notice.

The New Registration Process is entirely electronic and may be used **starting December 2, 2015**. The new process is quick and easy and provides the patient with more control over the data that is included in their application.

The steps are as follows:

1. Schedule a follow-up appointment with your physician to be re-certified
2. Go to <https://login.ehawaii.gov> and create a "free" secure account
3. Go to <https://medmj.ehawaii.gov> and login
4. Fill out the online application and upload any required documents (i.e. clear copy of your valid ID)
5. Pay – the cost is \$38.50 (\$35 application fee + \$3.50 portal administration fee); you must pay with a credit/debit card or direct withdrawal from a savings or checking account. All fees are non-refundable, even if a card is NOT issued. Applications that utilize direct withdrawals from savings or checking accounts will not be processed until a minimum of 10 business days from date debit (to be sure it clears your account). Applications that utilize credit/debit card payment will have the shortest turnaround time.

For more information, please contact your physician or visit the Medical Marijuana Registry website at <http://health.hawaii.gov/medicalmarijuana>, click on Patients and Caregivers, click on Registration Information.

Sincerely,

Scottina Malia Ruis, LSW, MBA
