¹ Data from Hawaii Youth Tobacco Survey (YTS) are not available at the county or national level.

DID YOU KNOW?

- **Kauai public high school students compared to the state are less likely to watch TV for three or more hours per day on an average school day. (25.8% vs. 31.7%)**
- **One in four students in Kauai public high schools reported feeling sad or hopeless for at least two weeks in the past year.**

SURVEY RESULTS 2011

HAWAII YOUTH RISK BEHAVIORS

HAWAII SCHOOL HEALTH SURVEY

KAUAI COUNTY PUBLIC HIGH SCHOOL REPORT

For more information on the Youth Risk Behavior Survey and state and national results visit www.cdc.gov/HealthyYouth/yrbs/index.htm. Hawaii state and county results, including by gender, grade level, and race/ethnicity, can be obtained from the Hawaii Health Data Warehouse at www.hhdw.org.

The Hawaii School Health Survey is a joint project of the Hawaii Departments of Education (DOE) and Health (DOH) and the University of Hawaii's Curriculum Research & Development Group. It is largely funded by the DOH Healthy Hawaii Initiative with additional funds from the DOH Communities Putting Prevention to Work (CPPW) project and the DOE's cooperative agreement with the Centers for Disease Control and Prevention (CDC) #5U87DP001203-05. Its content is solely the responsibility of the authors and does not necessarily represent the official views of the CDC.
