

## STATE OF HAWAII DEPARTMENT OF HEALTH

## Environmental Management Division - Wastewater Branch Engineer's Certification Conversion of Existing Cesspool to Seepage Pit

Property Owner:	<u>-</u>	 	
Property Address:		 	
Property TMK #:			

As the design engineer responsible for the individual wastewater system design serving the above property, I attest to the fact that the following information has been investigated and found to be true:

- A. No enforcement order, informal enforcement order, notice or correspondence has been issued to the above property owner due to cesspool overflows;
- B. A search of cesspool pumping records indicates that the existing cesspool(s) has not been pumped more than twice within the last 12 months;
- C. I or an agent of mine has inspected the existing cesspool and determined that it is functional and capable of handling the design peak flow from the project. At the time of inspection, there was a total of \_\_\_\_\_\_ feet from the inlet to the liquid level in the cesspool. The actual cesspool depth is \_\_\_\_\_\_ feet; and
- D. The Site Evaluation/Percolation Test Form has been completed and signed and is attached.
