HELPFUL INFORMATION

How to use the WIC Cash Value Voucher for Fruits and Vegetables

What does the cash value voucher look like?

How will the vegetables and fruit be listed on my check?

You will receive a special cash value voucher with your regular WIC check. It will have a set dollar amount listed.

What can I get with this voucher?

You can get any type of fresh and/or frozen vegetables (except white potatoes) and fruit with this voucher. You may also get taro. See page 15 for more details.

How much can I get?

Children receive up to \$6. Women receive up to \$10.

Can I get both fresh and frozen vegetables and fruit at the same time?

Yes. See the Guide for Buying Vegetables & Fruit and Shopping List Worksheet for helpful hints as how to do this and not go over the amount on your cash value voucher.

Do I get cash back or credit on unused portions of the cash value voucher?

No, cash back and/or credit is not allowed.

What if the cost of the items I choose is more than the dollar amount listed on the cash value voucher?

You have the option to pay the difference over the amount listed on your voucher. The difference you pay will be treated as cash payment and will be charged sales tax. If you prefer not to pay the difference, you will need to reduce the amount of vegetables/fruit you have selected.

Is there a tool I can use to help me so I don't go over the cash value amount?

We recommend you use the Chart for Buying Fresh Produce and Shopping List Worksheet when choosing items for your cash value voucher.

The chart can help you figure out the cost of as many items priced by the pound. This will help you get the most food with your cash value voucher and not go over the voucher amount. The Worksheet can help you keep track of your total cost when more than one item is selected.

Can I get organic vegetables and fruit with this voucher?

Yes!

Why does WIC allow organic vegetables and fruit but not other organic products like organic milk?

WIC has limited food dollars. Because organic products are often very costly, we could not serve the number of needy participants eligible if we allowed these organic items on our food list.

The cash value voucher is a set amount - so matter what you choose to pick up. We want to offer you the option to choose how you wish to spend it with the least number of restrictions.

Tip! Shop with a calculator (or use the calculator on your cell phone) if you want to avoid spending more than the dollar amount on the fruit and vegetable cash value voucher.

For example:

You have a \$6 voucher and would like to buy apples for \$1.69 a pound.

Enter 6 divide it by 1.69 and the answer is "3.5". This means that \$6 can buy 3.5 pounds of apples.

- Contact information and signature
- Update price
 - submit page(s) only

WIC VENDOR PRICE/STOCK REPORT
INSTRUCTIONS

Complete all sections of pages 1 through 5, documenting the price and quantity of each WIC food item currently on the shelf or in inventory housed at your store location. If a space is left blank, the WIC Program will assume that your store does not have that particular food item in stock. Do not estimate or project prices or stock. The WIC Vendor Price/Stock Report must reflect actual shelf prices and actual stock on hand at the time of completion.

1. Carefully review the WIC Minimum Inventory Requirements on pages 6 through 8.
2. On pages 2, 3 4 and 5, indicate if your store meets the minimum inventory requirement for each food item by checking "Yes" or "No". If you answer "No", indicate the amount of the food item in stock by filling in the corresponding blank.
3. List the shelf price for each food item in stock. Fill in the price for the exact size listed.
4. When more than one brand is available, include your lowest (including sale price) and highest price.
5. Fax pages 1 through 5 of the WIC Vendor Price/Stock Report to (808) 586-8189, or mail to: WIC Vendor Management, 235 South Beretania Street, Suite 701, Honolulu, HI 96813.

CERTIFICATION

I certify that:

1. I am authorized to act on behalf of the Vendor;
2. I have verified that the quantities of WIC inventory listed on pages 2, 3, 4 and 5 are either on the shelves or in inventory housed at the Vendor's store location;
3. I have verified that the prices listed on pages 2, 3, 4 and 5 are true and correct.
