Hale F return

On May **20, 2018** all staff at Hale F will return to our original building as our renovations have been completed. This will affect the following programs:

- Assessment
- Crisis Line of Hawaii
- Performance Improvement
- Planning
- Service Coordination
- Utilization Management

AMHD will make every effort to minimize service delays during the relocation process. However, because the move necessitates transferring phone lines, it is possible that the community may experience some phone and fax disruptions for all programs **except** the Crisis Line of Hawaii on May 20, 2019.

For general questions about the move, please contact Yara Sutton, Acting Chief, AMHD Program Support Services, (808) 265-4349 or via email at Yara.Sutton@doh.hawaii.gov.

For questions regarding Utilization Management, please contact Mike Tamashiro, UM coordinator, (808) 478-6211 or via email at Michael.Tamashiro@doh.hawaii.gov.

For questions regarding the Crisis Line of Hawaii, please contact Belinda Danielson, Crisis Line Supervisor, (808) 453-6428 or via email at Belinda.Danielson@doh.hawaii.gov.
