

ISOLATION & QUARANTINE ON O'AHU

AUG 12 THRU DEC 10 2020

Current scientific evidence indicates that quarantine alone reduces:

New infections
44-96%

Deaths
31-76%

Viral reproduction
37-88%

9% of Hawai'i's population live in a shared room, indicating need for external isolation

*Research literature available upon request

Requests

4126

individual requests coordinated by Hawai'i CARES for isolation & quarantine, testing, food assistance, and/or other services

882
positives requested isolation

Not all individuals who requested services were eligible based on CDC criteria

Transport

1157

unable to drive were provided with transportation

Total Guest Transports 1375

1286 Daytime Transports

89 Nighttime Transports

Placement

1726+

individuals placed out of 2224 requesting for external isolation and quarantine

354+
Families placed

652+
Families received any service

Room capacity increased from 80 units to 554 units at its peak

A placed family is defined as two or more members of the same household. This number does not include households for which only one member received placement, enabling the household to safely isolate or quarantine at home.

Food

3053

individuals received food assistance through multiple partners

1327

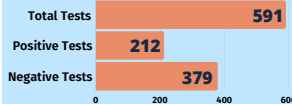

received food assistance at home

Testing

212

quickly identified positive individuals through Project Vision

Who Received Services

	Any Service	Received Placement
Total Individuals	3248+	1719+
Native Hawaiian	397+	281+
Other Pacific Islander	739+	504+
Homeless	277+	266+
65 years of age and older	108+	71+
Behavioral Health Issues	163+	156+
Medical Conditions	400+	317+
Substance Use Disorders	88+	88+
Mental Health Disorders	133+	126+

Counts are lower than actuals due to significant non-response rates (NRR=18-51%)

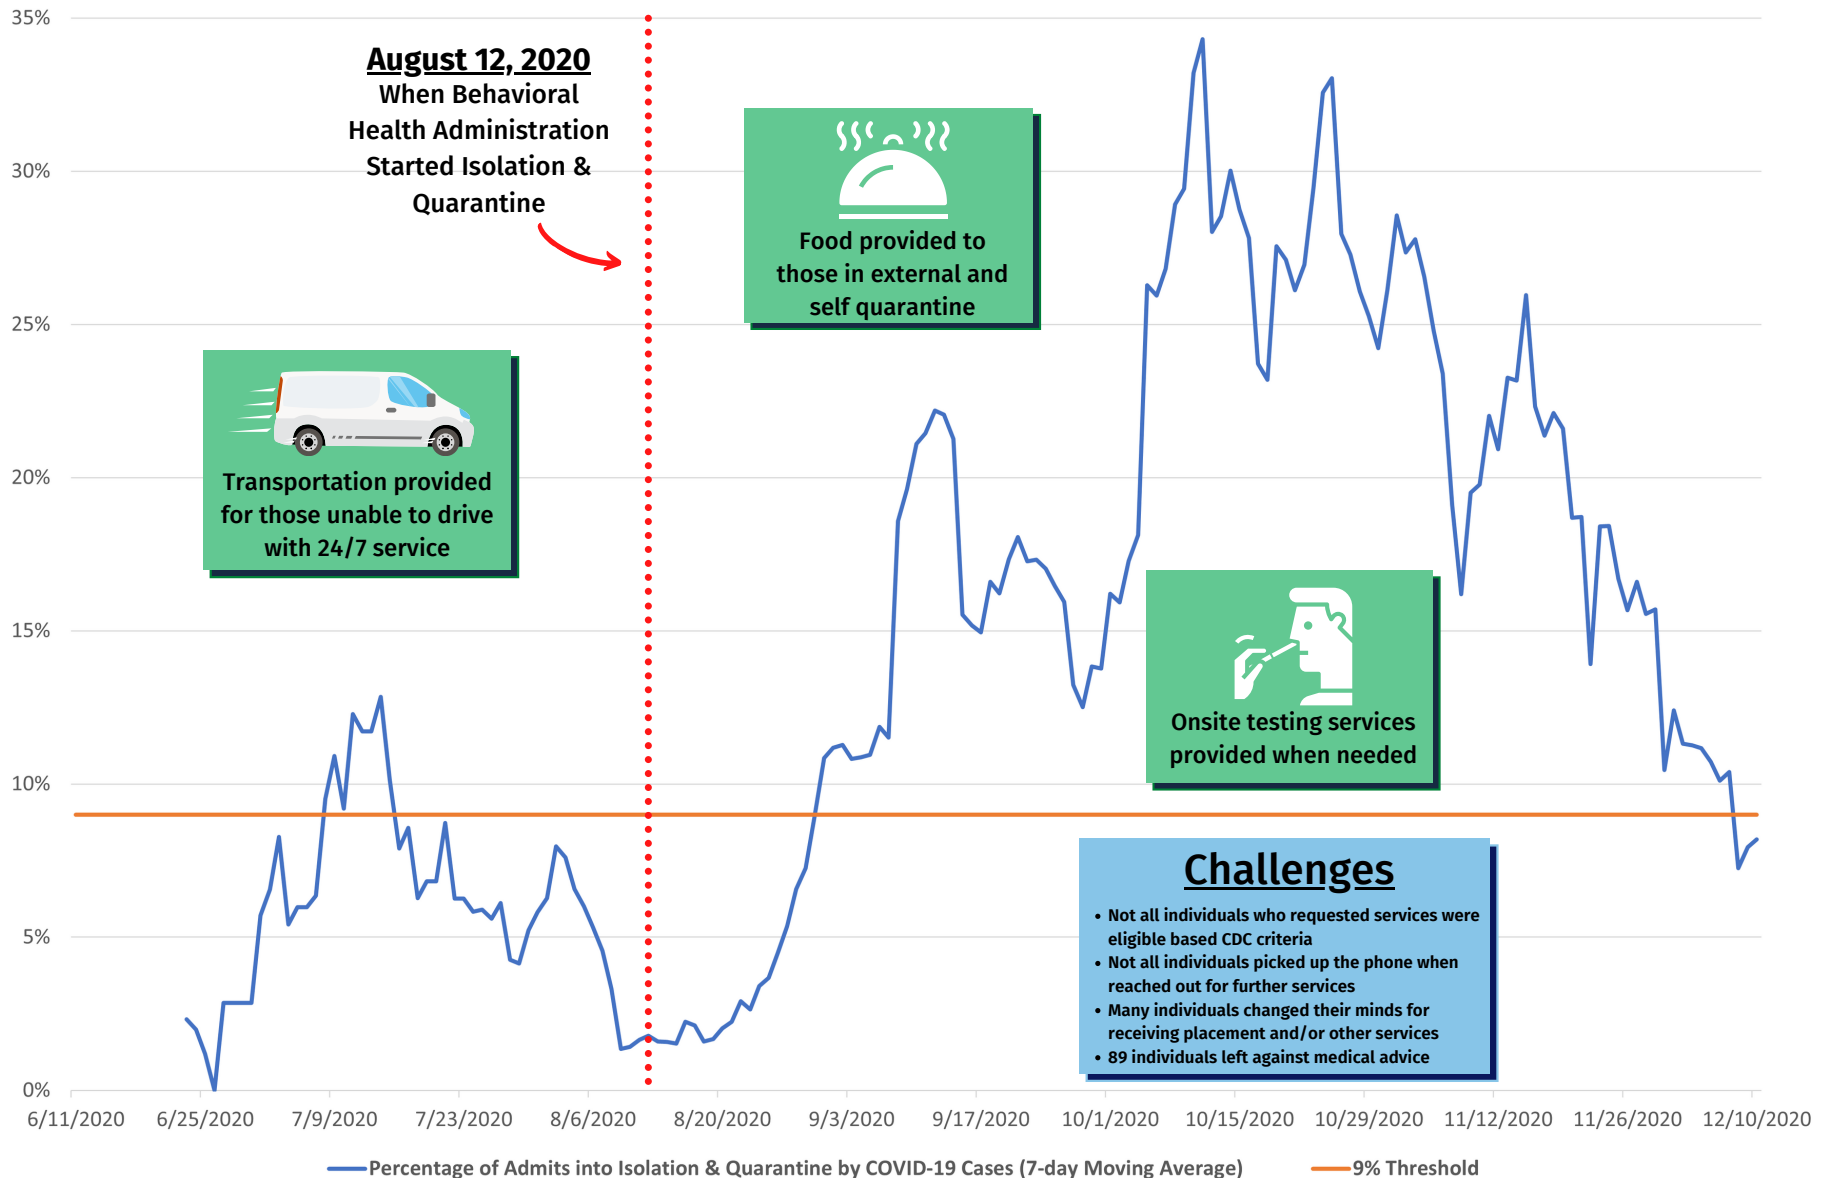

Outcomes

Connected to shelters (homeless)	7%
Linked to medical/behavioral health treatment or residential facility	3%
Connected and/or returned to previous housing (non-homeless)	90%
Received on-site crisis counseling and/or psychological evaluation	726

All 1726+ placed individuals received a wellness check 3x a day during the course of their stay and received 3 meals a day

NEW ADMITS AS A PERCENTAGE OF TOTAL POSITIVE COVID-19 CASES ON O'AHU
