

The mission of Ho'oiikaika Partnership is to strengthen and expand the system of supports in Maui County by building a strong prevention and provider network that supports collaboration, shares knowledge and resources, and shapes policy to prevent child maltreatment.

What Assistance is available to me and my family?

The Ho'oiikaika Navigator is available if you have questions about what supports are available in the community and how to access them.

Ho'oiikaika Navigator, *Heidi Allencastre*
