

'OHANA SUPPORT SERVICES

A program of Child & Family Service in collaboration with CAMHD
Family Guidance Centers

WHAT WE DO

Caring for children with emotional or behavioral challenges can be overwhelming at times. 'Ohana Support Services is here to support you as a caregiver and help you navigate systems, have your voice heard, learn new skills, and access community resources. Parent Partners work with you and encourage you to define and achieve your own goals through offering options and resources.

Our Parent Partners have been in your shoes. They know what it is like trying to get loved ones the help needed, and the stress it can add to your family. They will walk with you throughout your journey by offering non-judgmental peer-to-peer support. Parent Partners help to empower you to be in the driver's seat of your child's team.
