

# COVID-19 CLOSE CONTACT NOTIFICATION FOR SCHOOLS

---

(Name of Close Contact)

(Name of School)

You have been identified as a close contact to a person with COVID-19 infection at our school.

Per Hawai'i State Department of Health guidance, you **must** remain at home in quarantine for 10<sup>1</sup> days after your last contact with the person with COVID-19.

You can return to school on \_\_\_\_\_, if **both** conditions are met:  
(DATE)

1. 10 days have passed since your last contact with the person with COVID-19 infection **and**
2. You do **not** have symptoms.

**Exception:** If you are fully vaccinated<sup>2</sup> and asymptomatic, you do **not** have to quarantine and can return to school. You should get tested in 5-7 days.

## **Public Health Recommendations**

- **Get tested for COVID-19.**

- Find testing locations at <https://health.hawaii.gov/coronavirusdisease2019/testing-locations/>
- You **must** remain at home in quarantine **even if your COVID-19 test is negative.**
- You may need to contact your healthcare provider for a testing referral.

- Monitor your health.

- Contact your healthcare provider, if necessary.
- For medical emergencies, call 911 and inform dispatcher you have been exposed to COVID-19.

- While in quarantine, stay away from others in your home, if possible (e.g., separate bedroom, bathroom, do not eat meals together), in case you develop COVID-19 infection.

- For more information, visit <https://health.hawaii.gov/coronavirusdisease2019/resources/school-guidance/> for additional guidance on the following topics:

- [What to Do If You Have Been Tested for COVID-19](#)
  - [Identifying and Talking to Your Close Contacts](#)
  - [Home Isolation and Quarantine Guidance for Schools](#)
  - [COVID-19 Home Care Guide](#)

- If you have questions about quarantine, please call the Hawai'i State Department of Health at the telephone numbers listed on page 2.

---

<sup>1</sup> Quarantine is 14 days for close contacts living or working in congregate settings, including if there are household members who work in congregate settings (e.g., correctional facilities).

<sup>2</sup> People are fully vaccinated 2 weeks after their second dose in a 2-dose series, such as Pfizer-BioNTech, Moderna, and AstraZeneca, or 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine. If you do not meet these requirements, regardless of your age, you are not fully vaccinated.
