

# PROJECT FIRSTLINE

## Transforming Infection Prevention and Control Training

The Hawaii Project Firstline team and our health care superhero, Captain Germ-B-Gone, is at your service! Our team of professionals will go to any Hawaii nursing home for hands-on instruction where you will learn key infection control actions including:

- Hand hygiene
- Transmission and source control
- Donning and doffing personal protective equipment (PPE)
- Environmental cleaning and disinfecting
- Train the trainer coaching

Escape room materials and supplies will be provided.

*"The escape room is a win-win-win! It's engaging and fun. It teaches key infection prevention concepts. It promotes teamwork and comradery."*
