

# Keep Your Keiki Lead-Free!

- Most children with lead poisoning do not look or act sick
- Lead causes...
  - 
  - 
  -
- The only way to know if a child has lead in his or her body is a blood lead test.

**Have your child tested at 1 and 2 years of age**

(and between age 3 and 6 if never tested before)

It's FREE with QUEST insurance!

## Look out for possible lead sources

Paint / Dust

Bare Soil

Work / Hobbies

Old Toys

Jewelry

Dishware

Old Furniture

Foreign Products

Plumbing

Antiques

Ammunition

Fishing Sinkers
