

## Kealia Pond (Storet #711)

**Lat/Long:** N20°47'41.90"  
W156°29'06.1"  
(NAD83; ±6m)

### Comments:

The sample point is located makai of the parking lot for the Kealia Pond Boardwalk. The natural drainage canal is located about 25 meters north of the sample site. The canal is usually blocked by a sand plug. The area is used by wind/kite surfers as well as beach goers, especially on weekends.
