MINUTES

Legislative Committee Meeting

Location: 1010 Richards Street, #118 and via Zoom
Date: March 17, 2023
Time: 12:00 p.m.

PRESENT: Dean Georgiev, Chairperson; Anthony Akamine, Summer Kozai, Committee Members; Kirby Shaw, Bryan Mick, Curtis Motoyama, Staff

ABSENT: Violet Horvath, Rosanna Daniel-Kanetake, Committee Members

I. Chairperson Dean Georgiev called the meeting to order at 12:15 p.m.

II. The attendees introduced themselves.

III. Statement from Public and Written Testimonies Submitted

Curtis Motoyama reported that staff did not receive written testimonies.

IV. Approval of Legislative Committee Meeting Minutes of March 10, 2023

The March 10, 2023 Legislative Committee meeting minutes were approved as circulated (M/S/P Akamine/Kozai).

V. DCAB Legislative Positions Relating to 32nd Legislature, 2023 Bills

A. [Senate Resolution 26](#), Requesting the Department of Health's Office of Language Access to Establish an American Sign Language Interpreter Workforce Working Group to Increase the Number of American Sign Language Interpreters in the State.

Curtis Motoyama shared that in addition to promoting the increase of American Sign Language (ASL) interpreters, the working group would recommend training and incentives to increase the number of ASL interpreters. The resolution would establish a working group that requires a representative from the Office of Language Access (OLA) to serve as the chairperson. Staff coordinated with OLA to discuss who should serve as the chairperson and agreed that a representative from DCAB should service as the chairperson.

MOTION: SUPPORT WITH COMMENT TO REPLACE THE DEPARTMENT OF HEALTH OFFICE OF LANGUAGE ACCESS WITH DCAB TO SERVE AS CHAIRPERSON OF THE WORKING GROUP (M/S/P Akamine/Kozai)

B. [Senate Concurrent Resolution 32](#), Requesting the Department of Health's Office of Language Access to Establish an American Sign Language

Interpreter Workforce Working Group to Increase the Number of American Sign Language Interpreters in the State.

MOTION: SUPPORT WITH COMMENT TO REPLACE THE DEPARTMENT OF HEALTH OFFICE OF LANGUAGE ACCESS WITH DCAB TO SERVE AS CHAIRPERSON OF THE WORKING GROUP (M/S/P Akamine/Kozai)

- C. [Senate Concurrent Resolution 44](#), Urging the Hawaii Emergency Management Agency to Include in All Live and Recorded Emergency Alert System Video Broadcasts, an On-Screen Interpreter Disseminating the Emergency Information in American Sign Language at All Times, Including During Graphic Presentations.

Curtis Motoyama shared that in addition to urging the Hawaii Emergency Management Agency (HI-EMA) to include an ASL interpreter in all live and recorded Emergency Alert System (EAS) video broadcasts, this resolution urges HI-EMA to provide training for ASL interpreters by including them in all training provided to EAS broadcasters. Also, this resolution urges HI-EMA to have all video broadcasts have one camera showing the ASL interpreter at all times.

MOTION: SUPPORT (M/S/P Akamine/Kozai)

- D. [House Concurrent Resolution 56](#), Requesting the Hawaii Broadband and Digital Equity Office to Increase Access to Wi-Fi in Public Parks Throughout the State.

Curtis Motoyama shared that last year DCAB submitted testimony in support of similar resolutions (SCR12 and SR6) that urged the Hawaii Broadband and Digital Equity Office to prioritize access to broadband services in rural areas throughout the state. Testimony stated, "Broadband access provides persons with disabilities access to programs and services. Please ensure that this bill will protect the public, including people with disabilities, from unreasonable or increased costs. Broadband access for all should be affordable, especially for underserved communities to foster their economic development, increase job opportunities, enhance health care, and broaden educational opportunities. Digital equity will not only ensure that people with disabilities have access to broadband, but it will promote a better quality of life for them as well."

MOTION: SUPPORT (M/S/P Akamine/Kozai)

- E. [House Resolution 58](#), Requesting the Hawaii Broadband and Digital Equity Office to Increase Access to Wi-Fi in Public Parks Throughout the State.

MOTION: SUPPORT (M/S/P Akamine/Kozai)

- F. [Senate Concurrent Resolution 60](#), Recognizing October 2 Through October 6, 2023, and October 7 Through October 11, 2024, as Digital Inclusion Week in the State of Hawaii.

Curtis Motoyama shared that this resolution would raise awareness of the need for digital equity and promote digital inclusion.

Chairperson Dean Georgiev asked why the recognition is limited to 2023 and 2024. Curtis Motoyama responded that Digital Inclusion Week appears to be a national event that is annually held in October.

MOTION: SUPPORT WITH COMMENT (M/S/P Akamine/Kozai)

- G. [Senate Concurrent Resolution 37, Urging the Department of Health to Perform a Feasibility Study of the Benefits of Authorizing Reimbursement for Services Provided Through Telehealth by Way of Audio-Only Telephonic Communication.](#)

Curtis Motoyama shared that this resolution does not specifically address people with disabilities who would benefit from reimbursement for services provided through telehealth. People with disabilities may prefer audio-only telephonic telehealth because they are not capable of or do not consent to the use of video technology.

MOTION: SUPPORT WITH COMMENT THAT THE FEASIBILITY STUDY SHOULD SPECIFICALLY ADDRESS PEOPLE WITH DISABILITIES (M/S/P Akamine/Kozai)

- H. [House Concurrent Resolution 49, Requesting the Establishment of a Telehealth Working Group to Examine the Impact of Widespread Telehealth Adoption During the Covid-19 Pandemic and Identify Public Policy Initiatives at the Federal and State Level to Optimize Telehealth Utilization as the State Transitions Out of the Covid-19 Pandemic.](#)

Curtis Motoyama shared that the legislature appears to be interested in the following:

- Video visits on personal devices and audio-only telephone visits may improve short term access to and timeliness of health care, but there may be adverse long-term consequences if patients are not seen in-person for physical examination, lab work, vital signs, and other in-clinic testing.
- There is some data to support the safety, efficacy, timeliness, access, and cost effectiveness of telehealth, but the impact of widespread telehealth adoption in the State is largely unknown.

This resolution does not specifically address the impact of telehealth on people with disabilities. During the pandemic, everyone utilized telehealth due to social restrictions, including people with disabilities. As the state transitions out of the COVID-19 pandemic, people with disabilities may continue to utilize telehealth to access health care services.

MOTION: SUPPORT WITH COMMENT THAT THE WORKING GROUP SHOULD EXAMINE THE IMPACT OF TELEHEALTH ON PEOPLE WITH DISABILITIES (M/S/P Akamine/Kozai)

- I. [Senate Concurrent Resolution 49, Urging the University of Hawaii to Study the Feasibility of Redeveloping Certain University Lands Adjacent to the University of Hawaii at Manoa Campus into Workforce Housing.](#)

Curtis Motoyama shared that the University of Hawaii has initiated the early stages of planning to redevelop the parcel of land where the College of Education is currently located. This resolution requests the University of Hawaii to study the development of workforce housing, which would help address the housing needs of the community. This resolution does not specifically address disability, but DCAB has a position statement about exceeding minimum scoping requirements for accessible dwelling units.

MOTION: COMMENT TO EXCEED MINIMUM SCOPING REQUIREMENTS FOR ACCESSIBLE DWELLING UNITS (M/S/P Kozai/Akamine)

- J. [House Concurrent Resolution 32](#), Requesting the Department of Health to Convene an Oral Health Task Force to Review Information on the Status of Oral Health in the State and Make Recommendations to Improve Oral Health Infrastructure in Hawaii.

Curtis Motoyama shared that the Committee took a position to support a similar bill (HB 617 HD1) that would establish an oral health task force to review the status of oral health in the State and make recommendations to improve oral health infrastructure.

MOTION: SUPPORT (M/S/P Akamine/Kozai)

- K. [House Resolution 33](#), Requesting the Department of Health to Convene an Oral Health Task Force to Review Information on the Status of Oral Health in the State and Make Recommendations to Improve Oral Health Infrastructure in Hawaii.

MOTION: SUPPORT (M/S/P Akamine/Kozai)

- L. [Senate Concurrent Resolution 7](#), Urging the City and County of Honolulu to Improve Access of TheBus in Oahu's Rural Communities.

Curtis Motoyama shared that on February 17, 2023 the Committee discussed this resolution and took a position of support. On March 3, 2023 the Committee discussed companion resolution SR 5 and took the position to support with comment to urge all counties to improve transportation services in rural communities.

MOTION: AMEND DCAB'S POSITION TO SUPPORT WITH COMMENT TO URGE ALL COUNTIES TO IMPROVE TRANSPORTATION SERVICES IN RURAL COMMUNITIES (M/S/P Akamine/Kozai)

- VI. Open Forum: Public comment on issues not on the agenda for consideration for the Board's agenda at the next meeting.

No public comments.

- VII. The next Committee meeting is scheduled for March 31, 2023 from 12:00 p.m. to 1:00pm.
- VIII. Chairperson Dean Georgiev adjourned the meeting at 12:43 p.m.

NOTE: All votes were unanimous unless otherwise noted.
