IV. Old Business

A. Parking Placard Issuance Statistics

Bryan Mick reported that in the third quarter of fiscal year 2023-2024, around seven thousand five hundred (7,500) placards were issued. Four hundred (400) special license plates were reauthorized or issued. Of the placards, about two thousand (2,000) were temporary and five thousand four hundred (5,400) were long term. DCAB issued two thousand two hundred (2,200) long term placards and twenty six (26) Disabled Paid Parking Exemption Permits (DPPEP). The placard renewal rate was sixty-six percent (66%).

B. Email Notification to Permittees of Pending Parking Permit Expirations

For the third quarter of fiscal year 2023-2024, DCAB emailed one thousand two hundred twenty one (1,221) permittees to notify them of their pending permit expirations.

C. Procurement of Parking Placards and Decals

The long term placards, temporary placards, and decals should be delivered to DCAB in May.

D. Death Records Crossmatch and Parking Permit Retrieval

Four thousand three hundred sixty-five (4,365) death retrieval letters and pre-paid envelopes were mailed to the estates of deceased permittees to retrieve the placards. To date, thirty three percent (33%) of the placards were returned to DCAB. Three percent (3%) were reported as lost and fourteen percent (14%) of the letters were returned as undeliverable.

E. Public Education Efforts

Webpage for Reporting Placard or Access Aisle Abuse

Six (6) inquiries were submitted through the webpage to report abuse of a disability parking permit. Two (2) letters were sent to permittees.

Webpage for Reporting Non-Design Compliant Accessible Spaces

One (1) submission was made to the webpage on a non-design compliant parking space at the Ala Wai Boat Harbor parking lot.

To advertise the webpages, DCAB contacted the Midweek's Voice section. DCAB could also pay the section to advertise the webpages. Staff could also work with Oahu's neighborhood boards.

F. Van Accessible Spaces

Voluntary Informational Sign for Van Accessible Spaces at Places of Public Accommodation

Kirby Shaw is still reviewing the press release about the informational sign. The press release will be sent to the Department of Health's (DOH) Communication Office for distribution once it is approved.

Letter to Retail Merchants of Hawaii

Kirby Shaw is also reviewing the letter to the Retail Merchants Association requesting additional accessible and van accessible parking spaces that exceed the ADA minimums, voluntary installation of the priority for side ramp or lift signs, and a self-inspection to verify their current accessible parking spaces for compliance with federal and state design requirements.

Requesting Private Entities with Parking Facilities to Consider Providing Accessible Parking Spaces and or van Accessible Spaces that Exceeds the Minimum Number Required by the Americans with Disabilities Act Accessibility Guidelines and Other Accessibility Considerations

DCAB will continue to seek ways to encourage ADA Title III entities to create additional accessible parking spaces.

G. Draft Legislation

Travel Placard

Bryan Mick explained that House Bill (HB) 2447 (HD) 1/Senate Bill (SB) 3136 Senate Draft (SD) 1 died. The bill would have allowed someone with an existing parking permit to obtain a second parking permit for travel and the parking permit would expire the last day of the month following their return travel date. This bill was not given a hearing date when it crossed over to the Senate.

HB 2446 HD 2 Senate Draft (SD) 2/SB 3135 SD1 Related to Parking for Disabled Persons

Bryan Mick reported this bill died. This bill would have authorized the Examiner of Drivers to suspend a driver's license of a person who violates certain regulations relating to the use of disability parking permits. This would have required amending the parking statute so that using a placard issued to a deceased person is a separate violation from other types of illegal use.

The bill would have remitted fifty percent (50%) of fines imposed from citations for violations of Hawaii Revised Statutes (HRS), Chapter 291, Part III to the agencies that issued the citations.

The bill would also have authorized the counties to enforce accessible parking space design requirements at places of public accommodation-and would have provided a local mechanism when people observe non-compliant accessible parking spaces.

Seeking innovative ways to enhance parking violations, Kirby Shaw and Bryan Mick will meet with the Hawaii Department of Law Enforcement. DCAB will seek a partnership with the new agency to discuss enforcement efforts.

V. New Business

A. Review of Fiscal Year (FY) 2023-2024 Plan of Action and Recommendations for FY 2024-2025 Plan of Action.

Committee members reviewed the Plan and will vote on recommendations at the DCAB July Board meeting.

B. State Capitol Building, Parking and Accessibility Concerns

DCAB staff noticed twelve (12) accessibility concerns while testifying at the Capitol. Committee members suggested DCAB draft a letter on the accessibility concerns to send to the Governor.

VI. Open Forum

There were no comments.

VII. Next Meeting

The next meeting is scheduled for Wednesday, July 10, 2024, at 9:00 a.m.

VIII. Adjournment

The meeting adjourned at 10:07 a.m.

NOTE: All votes were unanimous unless otherwise noted.

Respectfully submitted,

PARKING COMMITTEE REPORT

July 18, 2024

The parking committee met on July 10, 2024.

Parking Program Issuance and Statistics – Update

For quarter 4, around 8,000 placards were issued and 340 special license plates reauthorized or issued. Of the placards, about 2,100 were temporary, 5,900 long term, and 14 were Disabled Paid Parking Exemption Permits. Of the long-term placards, about 2,400 were renewals issued by DCAB. The renewal rate was 67 percent.

For Fiscal year 2023-2024, around 30,800 placards were issued and 1,500 special license plates reauthorized or issued. Of the placards, about 8,300 were temporary, 22,400 long term, and 100 were Disabled Paid Parking Exemption Permits. Of the long-term placards, about 9,300 were renewals issued by DCAB. The renewal rate was 66 percent.

Other Parking Activities from the Plan of Action

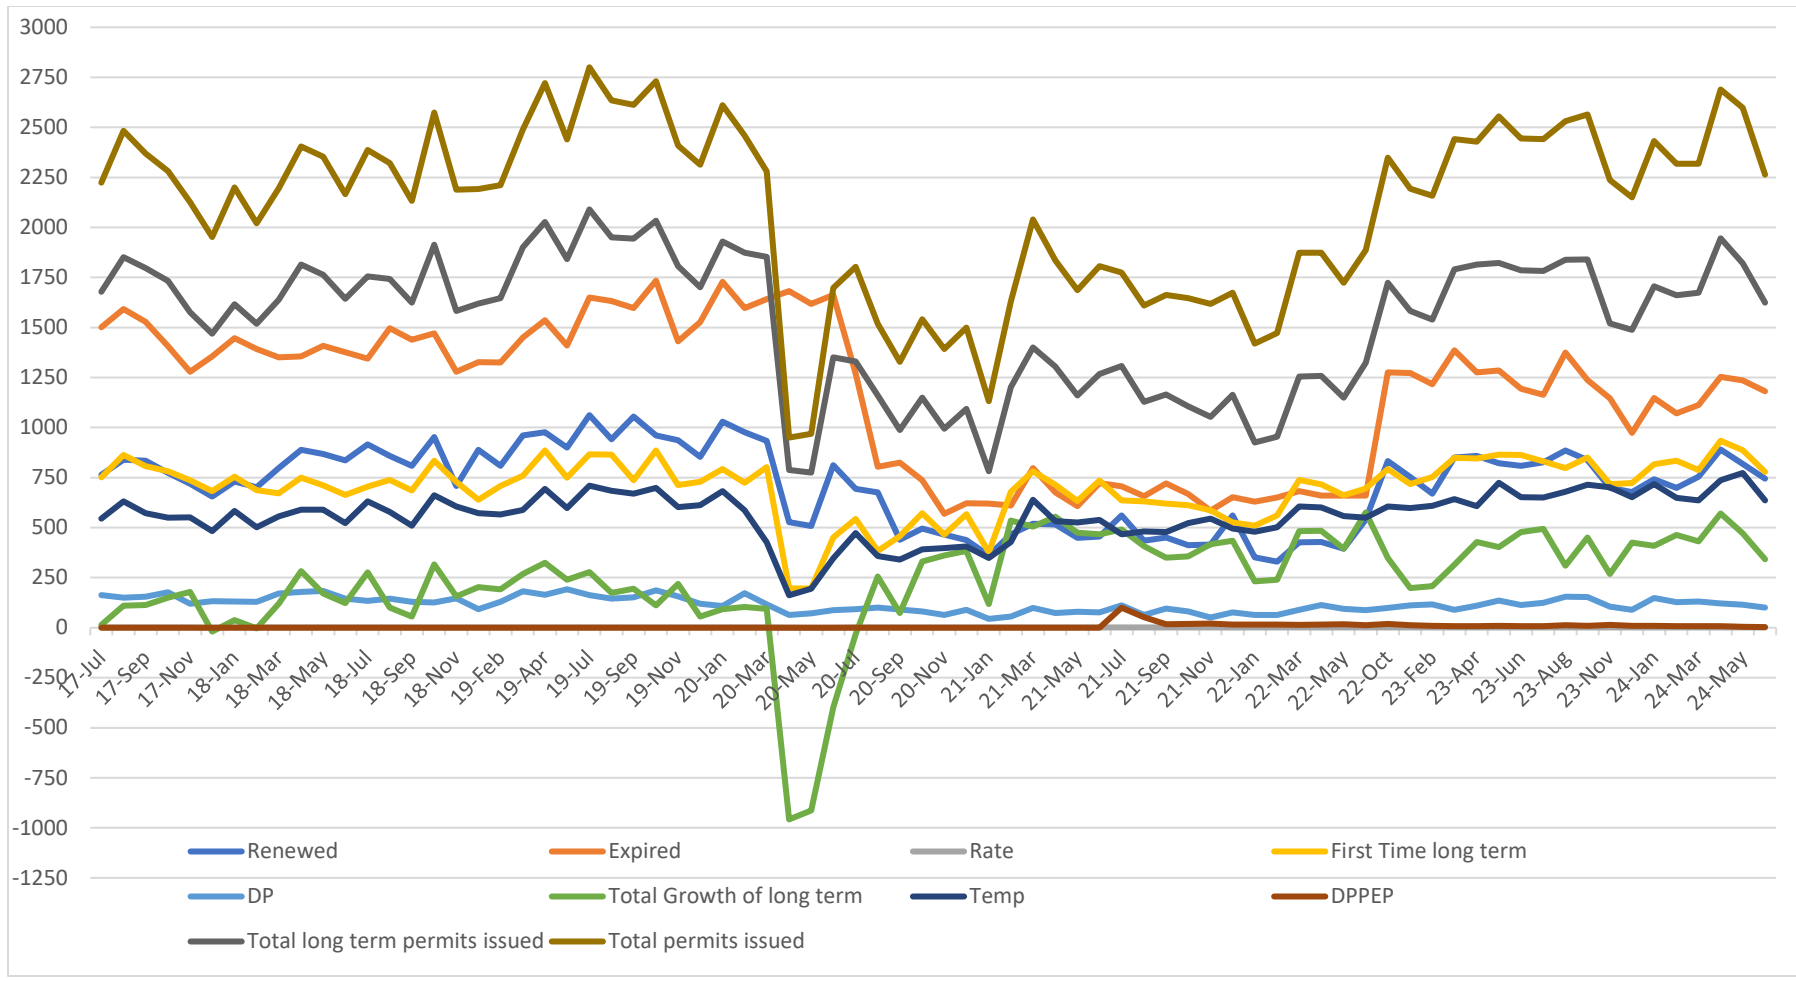

In Q4, 6 submissions were received via the webpage to report parking placard misuse. DCAB sent 2 letters to permittees in response.

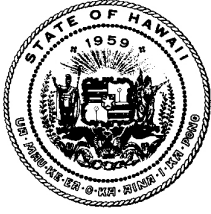

Of the 4,365 placards we sent death retrieval letters for, 36 percent were returned.

In Q4, 4 submissions was received via the webpage to report a non-design complaint space. One inquiry was sent to DLNR in response, and another to Aa Moana Shopping Center about how their staff may assist in putting DCAB's warning flyers on vehicles.

For quarter 4, 1,884 emails were sent reminding permittees of a pending permit expiration.

Decals and placards were delivered.

Re: Accessibility Concerns with the Hawaii State Capitol Building

Dear Governor Green, Senate President Kouchi, and Speaker Saiki:

Congratulations on the recently adjourned 2024 legislative session. During this past session, the Disability and Communication Access Board (DCAB) became aware of several accessibility challenges and concerns expressed by people with various disabilities. We wanted to bring these to your attention and remind everyone that DCAB is available to consult regarding accessibility concerns.

We have arranged the issues so that conceptually they go from when a person would receive a hearing notice until the point where they offer testimony at a hearing.

- (1) The accommodation wording on hearing notices should be revised. It currently indicates that requests for accommodations should be submitted 24 hours in advance. Under the Americans with Disabilities Act Title II (ADA), a request for an accommodation can be made at any time and the government entity has an obligation to try and fulfill it. DCAB recommends that the Legislature use the wording DCAB has recommend for boards and commissions: "Requests made as early as possible have a greater likelihood of being fulfilled."
- (2) Hearing notices with disability related agenda items should place the items at the beginning of the agenda. This helps ensure that American Sign Language (ASL) interpreters who are scheduled do not exceed their booked time, which incurs additional costs to the taxpayer, or in the worst case the ASL interpreters are not able to stay past their scheduled end time and persons relying on them will not receive effective communication as required under Title II of the ADA. It also helps ensure that anyone who has scheduled a pickup on TheHandiVan can testify before their vehicle arrives.
- (3) The Legislature's website should be evaluated for accessibility. DCAB recommends updating the website to meet Web Content Accessibility Guidelines (WCAG) 2.1

because the U.S. Department of Justice requires this for any state or local government with a total population of 50,000 or more by April 24, 2026. DCAB also recommends discontinuing a color coding scheme to indicate when a person has successfully submitted testimony because it is not accessible for persons with vision disabilities. Requiring people with vision disabilities to call a phone number to confirm their testimony was received is not equivalent access.

- (4) Many people have expressed concerns with the plan to relocate public parking from under the Capitol. DCAB strongly recommends that the accessible parking spaces remain under the Capitol. Without those spaces, people with mobility disabilities may be unable to access government programs and services at the Capitol. DCAB also asks that in accordance with the ADA Accessibility Guidelines (ADAAG), the proper number of accessible parking spaces are included in the employee parking section and are available to be assigned as a reasonable accommodation to an employee with a disability upon request.
- (5) DCAB recommends that the security staff who screen people entering the building receive training on how to interact with persons who have various types of disabilities. Inconsistent procedures were observed during this last legislative session.
- (6) DCAB recommends that all the public restrooms in the Capitol be evaluated for accessibility. As an example, DCAB staff observed paper towel dispensers that require pinching and turning of a wheel, which would not comply with ADAAG. DCAB recommends going beyond ADAAG minimums where possible, such as by installing an adult changing table in one of the restrooms.
- (7) DCAB recommends that the Legislature install automatic door openers, at least on certain hearing room doors. While these are not required by the ADAAG, such devices greatly improve accessibility.
- (8) DCAB recommends configuring the video screen in each hearing room to display captioning. Currently, this is only done on the video screens located outside the hearing rooms, which prevents persons who rely on captions for effective communication from participating.
- (9) When a request for an ASL interpreter is received, it should be determined if the requester will be attending virtually or in person. Ideally, the interpreter should attend in the same manner. If an interpreter is only available via video while the person with the disability appears to testify in person, a laptop should be provided on the testifier's table so that testifier may face the committee.
- (10) Hearing rooms should be configured to ensure there is enough maneuvering space for a person who uses a mobility aid or device such as a motorized scooter or wheelchair.
- (11) The microphones for public testimony should be configured for accessibility. DCAB recommends against the use of podiums because many testifiers have difficulty standing. Instead, tables should be provided with enough clearance beneath them for a person in a wheelchair to approach the microphone. Wireless microphones would provide added accessibility and flexibility.
- (12) While DCAB would recommend that all hearing rooms be retrofitted for maximum accessibility, if this is not feasible, then alternatively selected hearing rooms should be retrofitted and given priority for hearings on disability-related legislation.

The State Capitol is undoubtedly the most important State building, one which was expressly designed to welcome the public. It therefore should have the highest level of accessibility, not just to ensure equal public participation by those with disabilities, but also to set the example for other State and local government buildings.

Please contact Mr. Kirby Shaw, Executive Director, DCAB, at (808) 586-8121 or dcab@doh.hawaii.gov with any questions or concerns. Thank you very much for considering our request.

Sincerely,

VIOLET E. HORVATH, Ph.D.

NO FREE PARKING REMINDER

As of July 1, 2021, red placards, blue placards, and special license plates no longer provide a parking meter fee exemption.

You **MUST** PAY the meter.

If you have a valid drivers license and a physical disability that prevents you from reaching or operating parking meters or unattended pay stations, you may qualify for a Disabled Paid Parking Exemption Permit. Contact the Disability and Communication Access Board for more information or an application form. (808)586-8121
