A woman with dark hair and glasses is shown in the bottom left corner, resting her chin on her hand in a thoughtful pose. Several light blue thought bubbles of varying sizes trail upwards and to the right from her head, leading to three larger light blue thought bubbles containing text. The background is a white board with four silver fasteners in the corners, mounted on a light-colored wood-grain wall.

Positive Approaches for People
Experiencing Challenging Behaviors

How Might We?

Better understand people who have difficult lives for a variety of reasons?

Improve our skills and services?

Enter into this work through a holistic, compassionate and human-centered design approach?

Understand trauma?

Have a long-term view?

Include families?

Determine who else to include?

Engage the entire person's team?

Positive Approaches Guiding Principles

Safety

Equity

Strengths-
based

Person-
centered

Positive Approaches for People Experiencing Challenging Behaviors

Pillars

- Build awareness and skills
- Build cadre of local champions
- Cultural/Organizational change framework
- Codify change: Policies and procedures, training requirements, other

Positive Approaches for People Experiencing Challenging Behaviors

Instructional Design

- Two psychiatrists and a change agent/clinician/CEO
- Start with grief and trauma due to the pandemic
- Who are your hardest people?

What You Need to Know About Building this Toolkit

- Broad training for entire network
- Focused provider training for a targeted number of agencies
- Multi-modal approach test application of new strategies and interventions
- Concludes 3/2024
- Dr. Ryan Lee is the point of contact

Positive Approaches Application Process

Link to form will be provided at the end of the webinar and via email
