Medicaid I/DD Waiver
Memo No.: FY2023-05
Date: December 28, 2022

TO: Medicaid I/DD Waiver Providers

FROM: Mary Brogan, Administrator
Developmental Disabilities Division

SUBJECT: Updated I/DD Waiver Rate Sheet Effective October 1, 2022, Issued December 2022

Please find attached the updated Intellectual and Developmental Disabilities (I/DD) Medicaid Waiver rate sheet effective October 1, 2022, issued December 2022. The attached generic rate sheet lists all the available services, codes, and rates under the I/DD Medicaid Waiver.

The rate sheet has been updated as follows:

- 1) Add rate changes effective October 1, 2022, for certain waiver services, as approved by the Centers for Medicare and Medicaid Services on December 13, 2022.
- 2) Attached Billing Instructions for Waiver Providers Appendix K.

The provider-specific rate sheet listing the specific waiver services your agency is authorized to provide will be distributed shortly.

All approved Medicaid Waiver services written into the Individualized Service Plan (ISP) will be prior authorized by the Department of Health, Developmental Disabilities Division case manager. Providers must receive a prior authorization notice before the delivery of services.

The increased rates are funded through June 30, 2023. Sustaining these increases beyond that date is subject to availability of state appropriations. As a reminder, providers must continue to submit quarterly reports indicating how the increased funding benefited their direct support workers, in accordance with emails from the Community Resources Branch on March 17, 2022, and April 11, 2022.

Thank you for your continued commitment to providing quality services for individuals with intellectual and developmental disabilities. If you have any questions, please contact the Community Resources Branch at (808) 733-2135.
