

LOBBER

IKIJEN NAĪNMIJ JAB IN

Lobber ej juon nañinmij eo ekabobo walok jen juon kij. Kokale koikijen lobber ej ilo aneboj ial eo ej kwalok denin kabilo iumwin wot lojiliñi ko, koman bwe en eboj jebōm.

Iben ajri, lobberejab lukun kauatata. Botab, lobber emaroñ koman elab jorren ko, ekkā iben ritto ro. Jorren kein einwōt:

- Meningitis Eboj ilo Eke (jorren ilo men eo ej kalibubuik kemelij eo im dri-lep eo)
- Jaroñroñ (jidik ien ak indreo)
- Encephalitis Kemelij (eboj ilo kemelij)
- Orchitis Bol in Eman (eboj bol ko) iben eman ro emoj air ritto
- Oophoritis Mour eo an Kora (eboj jikin niñniñ eo) im/ak mastitis (eboj itit ko) iben Kōra ro im emoj air ritto

KOKALE IM KAKOLKOL KO

Kakōlkōl ko ekkā ekoba Piba, metak bar, metak enbwin, emōkmōk, makoko in mona, im eboj jikin eo ej koman kabilo eo iumwin lojilini ko ak at lal ne turejet ak aoleben ijoko ilo (lojilini). Jet armij ro rej bok Lōber ekkā an ejelok kōkale kein rej walok ñane ak no kakōlkōl. Eor jet remaroñ nañinmij ak eban eboj jebeir.

Kōkale kein ekkā air walok 16 - 18 ran ko elikin air bōk nañinmij in, ak elañe etolok ekkā an 12 ñan 25 ran ko.

Elōñ armij rej bok nañinmij in lobber ekka air mour elikin juon wiik.

WAWEEAN AN ITO-TAK

Lobber ej itok ilo kabilo ko ak uur jen boti, ak buruōn armij eo eor nañinmij in iben. Armij eo eor nañinmij in iben emaroñ leto-letak nañinmij in ilo:

- Bokbok, maje, ak ekonono
- Kejeral mweien doon, einwōt kab, ak kejeral kein moñā iben ro jet
- Jibwe men ko ibelakiid ak ijoko jet kin pā ko rejain karreo im ro jet rej bar jibwii

Armij ro ewor nañinmij in ibier ilo jet ran ko mokta im elikin air bōk nañinmij in. Ekar ñan Kakien ko an Bukon eo an Hawaii, armij eo ewor annañinmij in lobber rejab aikuij ilok ñan jikin jikuul ko, jeral, ak emakitkit iumwin 9 ran jen ien eo ear jino eboj loñier.

KOMADMOD KO

Naninmij in lobber ej walok ilo aolepen jekjek kein, waween an makitkit, im jikin kakōlkōl ko. Armij ro eor lobber iber rej aikuij kirkok juon eo ej eddoin lelok ejmour ilo ien eo emokaj tata.

WAWIN KEIJMOUR KO

Ejelok lukkun komadmod ko ñan lobber. Kejbarok ko ñan ro ewor lobber iber ekkā air lelok elab dren nan idaa, kakije, im bōk bwil.

WĀWIN AN MOUR

Ilo mol, armij ro ebed juon ian wawin kein iben jemaron ba ej bed iumwin kejbarok jen nañinmij in lōbber:

- Ritto ro rar lotak mokta jen 1957*
- Armij eo emoj an bok kakolkol ilo botoktok eo im ej kwalok ke kij in eban jelet ir ak ebed kadede nañinmij in iben
- Armij ro me emoj kamol ilo pepa ko ke emoj an bok wā ko an nañinmijin lōbber (lale “Bobrae” ijin ilal)

Jouij im lale: Lōbber emaroñ walok iben ro emoj air bok wā ko ak rarely in ak iben ro nañinmij in ear bed ibier moktalok.

*ñan ro dri-lale dri-naninmij im rar lotak mokta jen 1957, lale “Melele Kin Jikin Takto Ko” ijin ilal.
