

*Association for Professionals in
Infection Control and Epidemiology &
Hawaii State Department of Health*

National Healthcare Safety Network (NHSN) Workshop

**May 15-16, 2017
Shriner's Hospital
Makai Conference Room
1310 Punahou Street
Honolulu, Hawai'i 96826**

Program Goal: This two day educational program is designed to provide an update on the 2017 NHSN surveillance definitions for reporting. Additionally, it will provide an overview of evaluating entered data for completeness, consistency, and accuracy, introduction to analysis, advanced analysis, and how these data can be used for prevention and control activities.

Target Audience: Registered Nurses and Infection Preventionists in a hospital or long term care (LTC) setting (LTC specific sessions are highlighted in green, but LTC staff are welcome to attend all sessions).

Presenters:

Idamae Kennedy, MPH, BSN, RN, CIC
Infection Preventionist
Healthcare-Associated Infections Program
California Department of Public Health

Lori Schaumleffel, BSN, RN, PHN, CIC
HAI Performance Coordinator
Healthcare-Associated Infections Program
California Department of Public Health
