1 Population Estimates Program, Population Division, U.S. Bureau of the Census, Washington, DC 20233
2 As of 2016, because of improved confirmatory testing, confirmed cases will be reported separately from probable cases. Probable cases are included in parentheses to maintain consistency with previous years counts.
* Not nationally notifiable but state reportable diseases
** Non-pharyngitis/ Group A invasive beta-hemolytic strep and Toxic Shock Syndrome (strep) due to strep.
*** Newly identified Hepatitis C cases for report year (not previously reported)
N/R stands for "not reportable" and N/A stands for "not available."

¹ Population Estimates Program, Population Division, U.S. Bureau of the Census, Washington, DC 20233

² As of 2016, because of improved confirmatory testing, confirmed cases will be reported separately from probable cases. Probable cases are included in parentheses to maintain consistency with previous years counts.

* Not nationally notifiable but state reportable diseases

** Non-pharyngitis/ Group A invasive beta-hemolytic strep and Toxic Shock Syndrome (strep) due to strep.

*** Newly identified Hepatitis C cases for report year (not previously reported)

N/R stands for "not reportable" and N/A stands for "not available."
