VACCINE POINTS

"Vaccine Points" is a bi-monthly communication distributed by the Hawaii Department of Health to all participating Vaccines for Children (VFC) providers.

Test your vaccine knowledge.

Question: You receive the following immunization record from your patient's previous healthcare provider. His birth date is January 28, 2001. His family will be adopting an infant from China in February. If the patient is healthy and has no contraindications or precautions, which vaccine(s) should he receive today?
