<http://health.hawaii.gov/docd/ensuringinfectioncontrolinthepacific/>

# Continuing Medical Education

- This activity has been planned and implemented in accordance with the Essential areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Hawai`i Consortium for Continuing Medical Education (HCCME) and the Department of Health. The HCCME is accredited by the ACCME to provide continuing medical education for physicians.
- The HCCME designates this live activity for a maximum of 5.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
- The Board of Nursing will accept nurse participation in CME Category 1 activities as an equivalent to meet the continuing competency requirement for license renewal.

# Continuing Medical Education

- In order to receive full contact hour credit for this CME activity, you must:
  - Be registered for the activity
  - Sign the attendance sheet
  - Attend the entire event. If you are leaving early, please sign out with registration.
  - Complete the conference evaluation, and be sure to complete the demographics section: <https://www.surveymonkey.com/r/EID2019>  
(This website URL will be emailed to you after conference)
  - You will receive your CME certificate via email
- Note: CME hours can be converted to continuing education credits for nurses, per ANCC 2015 certification renewal requirements

# Disclosures

Dr. Kraft sits on the Advisory Board of Bio-Rad Laboratories related to a Dysbiosis Test and will refrain from making recommendations on topics in which a potential conflict exists

All other speakers and planners have nothing to disclose.

# National Ebola Training & Education Center (NETEC)

- Collaboration between
  - Emory University
  - University of Nebraska Medical Center
  - Bellevue Hospital Center
- NETEC website contains:
  - Online education
  - Exercise Materials
  - Other resources (e.g. protocols, videos check lists, etc.)
- [www.NETEC.org](http://www.NETEC.org)

## Ebola Preparedness Course Materials

1. NETEC Overview of Ebola Outbreak
2. NETEC Hospital Preparation and Team Development
3. NETEC PPE
4. NETEC Patient Placement
5. NETEC PUI & Confirmed Case Patient Care
6. NETEC PPE Breakout
7. NETEC State and Regional Preparedness
8. NETEC PUI Case Studies
9. NETEC Environmental Infection Control
10. NETEC Waste Management
11. NETEC Care of Deceased
12. NETEC Care Considerations for the Laboring Patient
13. NETEC Care Considerations of the Pediatric Patient
14. NETEC Laboratory
15. NETEC Occupational Health – HCW Monitoring
16. NETEC Organizational Controls and Sustaining Readiness
