**PHYSICAL EXAMINATION**

Performed by a U.S. licensed physician, advanced practice registered nurse, or physician’s assistant within 12 months prior to 7<sup>th</sup> grade attendance.

Your child must complete the physical examination and immunizations PRIOR to 7<sup>th</sup> grade entrance. Provisional (temporary) entrance may be allowed if written proof of an appointment to complete the immunization requirements is submitted prior to or on your child’s first day of school. If written proof of an appointment to complete the immunization requirements is not submitted, your child will not be permitted to attend school. Students granted provisional entrance must submit certification that the required immunizations have been completed NO LATER THAN three months after the date your child provisionally entered the 7<sup>th</sup> grade.

NOTE: Provisional entrance may be suspended when there is a danger of an epidemic from any communicable disease for which immunization is required. Your child will not be permitted to attend school unless he/she receives the required immunization or until the epidemic is over.
