DOH ALERT: BICILLIN L-A RECALL

King Pharmaceuticals LLC., a subsidiary of Pfizer, has issued a voluntary recall of specific referenced lots of **Bicillin® L-A (Penicillin G Benzathine Injectable Suspension)** due to the appearance of particulates present in the solutions. No adverse outcomes in patients have been reported.

DOH is forwarding the recall information as some of the identified lots of this commonly used medication were distributed in Hawaii.

The lots included are listed below. If you have any product from the recalled lots, it is recommended that you quarantine that product and contact Pfizer for reimbursement. Please see the [recall notice](#) for more information.

Providers are advised to continue to monitor for pharmaceutical recalls through their usual channels.
