*Stop measles with the MMR vaccine*

# TRAVELING FOR SPRING OR SUMMER BREAK? NOT PROTECTED AGAINST MEASLES? GET YOUR VACCINATION.

**Measles is a plane ride away.** Measles cases are rising in the U.S. and many regions of the world. Unvaccinated travelers continue to get measles from other states or countries and bring it home, and spread it to others.

Make sure you are up to date on your **measles, mumps, and rubella (MMR)** vaccine before traveling. Ask your doctor, if you have received all recommended doses of MMR for best protection against measles.

**Bring home fun souvenirs, photos and fantastic memories - NOT the measles!**
