Program Specialist IV

\$4,692 to \$5,712 per month (SR-22, Step C to H), commensurate w/ training and experience

Note: Hiring rates will be based on availability of funds, the applicant's, and other relevant factors.

Full-Time, Temporary Civil Service position. The Program Specialist IV participates in the development, management, implementation, and evaluation of the Heart Disease and Stroke Prevention (HDSP) Program and Plan to reduce the burden of heart disease and stroke in the state. This includes 1) mobilizing support and coordination of services and activities with other agencies to establish creative strategies to reduce heart disease and strokes; 2) increasing access to health information; 3) improving the CDMB capacity to respond effectively to the needs of the targeted populations; 4) assisting in the preparation of federal grant proposals, renewals, and process reports; 5) supporting the implementation of quality improvement strategies in healthcare settings and targeted interventions in community settings to ensure the availability and accessibility of lifestyle change and self-management programs for people diagnosed with heart disease and stroke through capacity-building, technical support, and policy changes; and 6) coordinating team-based care interventions with pharmacists and community health workers in healthcare settings to ensure the availability and accessibility of lifestyle change and self-management programs, such as self-measured blood pressure monitoring and medication therapy management, for people diagnosed with heart disease and stroke.

Minimum Qualifications

To qualify, you must meet all of the following requirements:

EDUCATION: Graduation from an accredited four (4) year college or university with a baccalaureate degree.

GENERAL EXPERIENCE: One and one half (1½) years of responsible professional work experience which required a high degree of analytical skills. Such experience must have involved gathering, evaluating, and analyzing facts and other pertinent information required to resolve problems and/or to determine and recommend appropriate courses of action. Such experience must have also demonstrated the ability to: elicit information, orally and in writing; read, comprehend, interpret, and evaluate technical subject, analyses or proposals; apply problem-solving methods and techniques, such as defining and analyzing problems, identifying alternative courses of action, using judgment in determining appropriate alternatives; and prepare clear and concise written reports and recommendations for action.

SPECIALIZED EXPERIENCE: One year of professional work experience in any field which involved work such as monitoring, evaluating, or conducting studies and analyses of programs or projects to make recommendations for the development or revision of standards, policies, procedures, or techniques; gathering and analyzing data to determine conformance with standards and requirements and recommending improvements or developing training materials; giving technical advice and direction pertaining to program standards, requirements, or techniques.

Who May Apply

LEGAL AUTHORIZATION TO WORK REQUIREMENT: The State of Hawaii requires that all persons seeking employment with the government of the State shall be citizens, nationals, or permanent resident aliens of the United States, or eligible under federal law for unrestricted employment in the United States.
