Trauma Medical Director, Tripler Army Medical Center and PACOM JTS Director of
Academics, Research, and Training Program Director, General Surgery Residency

Meeting Minutes Approved

EDUCATION SEGMENT: Telehealth Fundamentals

Matthew Koenig, MD

Medical Director of Telehealth, The Queen's Health Systems

Associate Medical Director of Neurocritical Care, QMC

Associate Professor of Medicine, University of Hawaii John A. Burns

School of Medicine

- Queen's telestroke network (8 hospitals)
- utilized more than in-person visits, "normal" way to see patients
- emphasizing interoperability not single use per specialty
- EMS bypass rules unnecessarily taking patients out of community hospitals
- seeing more of discharging patients directly home
- statewide stroke mortality rate dropping
- proactive monitoring of equipment to increase synchronization
- neonatal resuscitation program
- progress on implementation of telemedicine in ambulances
- Hilo Medical Center credentialing is vigorous and time consuming
- proxy- credentialing, physicians only using telemedicine (don't step foot in a hospital)
- HIPPA compliant video/zoom software
- transitioning to an EMR/my chart software
- working on developing 24-7 capacity for telemedicine

Emergency Medical Services for Children (EMSC)

Sarah Park MD, FAAP

State of Hawaii DOH Disease Outbreak and Control Division Chief and

State Epidemiologist

- Pediatric restraints funding

Hawaii Statewide Transfer Agreement Hawaii Healthcare Emergency
Management

-unable to attend-

- emphasizing disaster preparedness
- new agreement being drafted
- please monitor inboxes/offer comment on new updates

Administrative Rules Introduction

Dierdre Mamiya
Mamiya Consulting

- Identified two sets of rules as a priority: Designation rules and Funding Distribution for the Trauma System Special Fund
- Comparing with mainland states rules as a template
- A previously drafted set of rules was not adopted
- The approval process requires feedback from stakeholders, a formal public hearing, AG, director and governor approval
- 1st draft hopefully available by August HTAC Meeting
- Final draft expected by the end of 2020

State Trauma System Updates
Tiffany Lightfoot MS, RN
State of Hawaii DOH EMSIPSB
State Trauma Program Coordinator

- Emergency preparedness is dependent on these updates
- Department of Rural Health case-based learning
- 20 persons or less for interactive learning
- Surgical Echo Platform programs suited for outpatient clinical settings, not built for acute settings
- The platform could be used across all settings if content experts are available
- Evaluate how each facility would treat a patient/how to engage sub-specialty providers in real time
- State Trauma Medical Leadership – define “DOH workforce”
- HTAC is an “advisory council” not “DOH workforce”
- Financial transparency for the state
- By FY '20 all trauma awards will be posted on HANDS/HIEPRO
- Thank You to Queens Medical Center for hosting Stop the Bleed Day

Hawaii State Trauma Data Presentation
Dan Galanis, PhD
State of Hawaii DOH EMSIPSB
Epidemiologist

-unable to attend-

Sub-Council Reports

Disaster – Tiffany Lightfoot, RN

Finance – Matt Wells, RN

- Very transparent view of Trauma System Special Fund distribution
- How to best advise on unexplored avenues

Pediatric – Devin Puapong, MD

- Expanding pediatric trauma outreach education
- Look at current systems and identify outliers
- Guidelines more than audit filters

Performance Improvement – Marty Collins, RN

- How to operationalize
- Scaling down/highlighting top five system outcome measures to focus on functional disability across the state
- Rehab component
- Taking back system measures to sub-councils

Trauma System Plan – Michael Hayashi, MD

-unable to attend-

Hawaii Society of Trauma Nurse Leaders – Louise Fincher, RN

- Finalized nurse leader manual – playbook for new trauma program managers
- Motion made that the PI committee meet after HTAC during the next FY
- Reviewing HTAC venue; roundtable discussion availability; neighbor island HTAC meetings
- Working on a business plan in regard to finance for telemedicine
- Include community access hospitals in trauma system plan
- Focus on rehab & monitoring patient outcomes after an incident

Regional Trauma Advisory Council Reports

Kauai Trauma Advisory Council Report

- Bike Squad education segment
- Access to hospital/road closure response
- procedural guidelines when staff leave/position vacancies/MOA/change positions
- Vision Zero funding
- Darryl Perry, solutions meeting, look at entirety of the event/implementation
- Coast Guard training; how to accommodate mass casualty incidents

Oahu Regional Trauma Advisory Council Report

- sending minutes
- Pali Momi passed ACS Certification in March

Maui County Regional Trauma Advisory Council Report

-nothing to report-

Big Island Trauma Advisory Council Report

-nothing to report-

EMSAC Report – Libby Char, MD

- Sexual abuse treatment center
- Evaluating ambulance diversion
- Hospice and EMS interaction
- Pediatric calculation app
