I have received the parent informational brochure entitled, "Newborn Screening Could Save Your Baby's Life," concerning the newborn metabolic screening tests for phenylketonuria (PKU), congenital hypothyroidism, congenital adrenal hyperplasia (CAH), cystic fibrosis (CF), maple syrup urine disease (MSUD), galactosemia, biotinidase deficiency, hemoglobin disorders, other amino acid disorders, urea cycle disorders, organic acid disorders, fatty acid oxidation disorders, Pompe disorder, and mucopolysaccharidosis Type-I (MPS-I) .

I have been informed and I understand the nature of these tests and how these tests are given.

I have discussed this test with, _____ and I understand the risks involved if these tests are not given to my child.

I object to these tests and refuse to have my newborn child tested on the grounds that these tests conflict with my religious tenets and beliefs.

My decision was made freely without force or encouragement by my doctor, hospital personnel, or any State official.
