

SGM SERVICES DIRECTORY

State of Hawai'i

Aloha Kākou

Welcome to the first edition of the Hawai'i Sexual and Gender Minority (SGM) Services Directory! This is an opt-in directory of organizations and individuals (including but not limited to the healthcare sector) providing identity-affirming services for sexual and gender minorities.

A need has been voiced by the SGM community, expressed in questions such as "How do I find a gynecologist who is comfortable treating men?" and statements like, "I was afraid to call. I didn't know who I would get on the phone."

This directory aims to answer that need by connecting sexual and gender minority clients with providers that actively work to make their business a safe space, where everyone can start out with the basic agreement that any SGM client's identity is valid. This directory will be posted on the Hawai'i Department of Health's (HDOH) SGM Resource Hub website, for everyone in the community to have access to.

The HDOH SGM Resource Hub is the first DOH website dedicated to resources for SGM (also known as lesbian, gay, bisexual, transgender, queer, and other, or LGBTQ+) people in Hawai'i, as well as their loved ones and allies. The site was developed by the HDOH SGM Workgroup, a multi-sector collaboration of various state agencies and community stakeholders, in partnership with the HDOH Harm Reduction Services Branch.

"Through national and local data, we understand that culturally appropriate care is essential for sustainable, meaningful, and positive health outcomes," said Thaddeus Pham (he/him), HDOH Co-Chair of the SGM Workgroup. "We look to the thoughtful and insightful contributions from our workgroup members and community stakeholders to continue projects like these to better serve our SGM 'ohana."

To create a medical provider listing in the next edition of the directory, go to:
