

Syphilis management? STI treatment? Reporting a case?

Are you a healthcare provider with questions about STIs?

Call DOH's **STI Information Line:**

(808) 733-9281

Press 1

To speak with an Intervention Specialist about case management or referrals, Mon-Fri, 8:30am-4:00pm

Press 2

To speak with the DOH STI/HIV Clinic for a clinical consultation, Mon-Fri, 9:30-11:30am & 3:00-4:00pm

How the Department of Health can help you:

Clinical Consultation
Guidance on STI-related patient care

Clinical History
Obtain lab and treatment history

Case Reporting
Report infections promptly

Locate Patients
Find patients in need of treatment

Contact Referrals
Refer contacts to medical care

Clinical consultations are also available online from the National Network of Prevention Training Centers at www.stdccn.org
