19	<p>Indicate the percent (%) of Hawaii-grown hemp used. If MHP doesn't contain Hawaii-grown hemp:</p> <p>(1) Indicate origin and % of the hemp from outside the State in the hemp product; or</p> <p>(2) If multiple origins of the hemp in the product, the % of hemp origin as "United States" or "foreign", if outside the U.S.</p>		328G-3(j), HRS
<b>PACKAGE REQUIREMENTS</b>			
20	The immediate container that is in contact with MHP shall be made of material that protects product from contamination and does not impart toxic or harmful substances to product and is not reactive, additive, or absorptive so as to alter the safety, identity, strength, quality or purity of the MHP.		11-37-33
21	<b>Edible MHP sold in package of multiple servings</b> shall meet the requirements for child-resistant special packaging specified in Title 16 C.F.R. part 1700.	Consult package supplier for documentation of compliance with special packaging child test requirements found in <a href="#">16 CFR 1700</a> .	11-37-5(e)

Note: MHP = Manufactured Hemp Product as defined.

Only allowable forms of MHP that meet the definition and are compliant with applicable law (328G, HRS) and interim rules (11-37, HAR) are allowed to be sold, held, offered, or distributed for sale in Hawaii.

This document is provided to industry for guidance and is not intended as a substitute for label and package requirements found in interim rules (11-37, HAR) or law (328G, HRS). It is the responsibility of the hemp processor and retailer/distributor selling a MHP to consumers in Hawaii that the product is compliant. Readers should refer to the official version of the interim rule 11-37, HAR, and 328G, HRS, for complete and accurate information and consult their own legal counsel for specific legal advice.

Access to interim rule 11-37, HAR, and 328G, HRS, available at [OMCCR website](#)
