ASIST:

Applied Suicide Intervention Skills Training

This **TWO-DAY** workshop will equip participants to respond knowledgeably and competently to persons at risk of suicide. Participants learn and practice skills in identifying and responding to people at immediate risk of suicide. Just as "CPR" skills make physical first aid possible, training in suicide intervention develops the skills used in suicide first aid. This is a highly interactive workshop that will give you the training that you need in order to be a care-giving resource within your community.

Friday, NOV. 08, and Saturday, NOV. 09, 2019

8:00 a.m. – 4:30 p.m. *doors open at 730am*

**Lili'uokalani Trust - Kipuka Kona, Honolulu, and
