- b. If the Department wishes to terminate the project, its Authorized Organizational Representative should advise the AO, with a copy to the GTR.

SECTION F

GENERAL PROVISIONS

- c. If the Service wishes to terminate the project, the AO will advise the Department with copies to the PD and the GTR.

  - (1) Suspend the Agreement; or
  - (2) Terminate the Agreement for cause.
- b. The Service prefers that deficiencies be corrected whenever practicable; therefore, action to suspend or terminate an Agreement normally will be taken only after the Department has been informed by letter of the nature of the problem with notification that failure to correct the deficiency may result in suspension or termination of the Agreement. However, this policy does not preclude immediate suspension or termination when such action is reasonable under the circumstances and necessary to protect the interest of the Service.
- c. When it is believed that the Department has failed to comply with the terms and conditions of the Agreement, the AO will advise the Authorized Organizational Representative by letter of the nature of the problem and that failure to correct the deficiency may result in suspension or termination of the Agreement. The Department will be requested to respond in writing within 30 days of such letter, describing the action taken or the plan designed to correct the deficiency. Copies of this correspondence will be furnished to the PI and the GTR.

SECTION F

GENERAL PROVISIONS

- d. If a satisfactory response is not received within 30 days of receipt of such a notice letter, the AO may issue a notice suspending authority to further obligate funds, in whole or in part. The notice of suspension will be sent by certified mail (return receipt requested) to the Authorized Organizational Representative with a copy to the PI. The notice will set forth the activities covered by the suspension and its effective date and the corrective action required by the Department in order to lift the suspension.
- e. In the event the deficiency is not corrected to the satisfaction of the Service, the AO may issue a notice of termination, in the same manner as described above. The notice of termination will establish the reasons for the action and its effective date.
- f. If an Agreement is suspended pursuant to this clause, no obligations incurred by the Department during the period of suspension will be allowable under the suspended Agreement except those costs which are applicable and allowable under the applicable Federal Cost Principles.
- g. If an Agreement is terminated pursuant to this clause, the recipient shall not incur new obligations after the effective date of the termination notice and shall cancel as many outstanding obligations as possible. The settlement of termination costs will be in accordance with the applicable Federal Cost Principles.
- h. Within 90 days of the effective date of termination, the Department will furnish an itemized accounting of funds expended for allowable costs prior to the effective date of termination and the unexpended funding balance. The Department may request a review of the termination decision in accordance with procedure described in the clause entitled "Termination Review Procedure."
