

# Replacing Birth Certificates and Marriage Certificates

## FOR MAUI RESIDENTS IMPACTED BY WILDFIRES

For individuals impacted by the Maui Wildfires who need replacement vital records, an order may be placed online at [vitrec.ehawaii.gov](https://vitrec.ehawaii.gov).

**The fee for an affected individual's first copy of a birth or marriage certificate will be waived with a FEMA disaster assistance ID Number and/or a Lāhainā/Kula residential address.**

### Will DOH accept temporary driver's licenses and state ID cards from applicants ordering replacement vital records?

Yes, DOH will accept temporary driver's licenses and state ID cards. Other government issued photo IDs may be used to validate a request for a vital record. This can also include a copy of a passport.

### Are there alternative documents Maui wildfire survivors can use to order a birth or marriage certificate if their government-issued ID was lost in the fire?

The most expedient way to replace a vital record when all forms of identification have been lost, is to have a relative request the replacement online, by mail, or in person, using their own identification to validate the request. If an individual does not have a relative who can make the request, they can contact the Maui Vital Records hotline at 808-984-2400 ext. 6-4602, Monday through Friday from 7:45 AM - 4:30 PM, or send an email to [DOH.MauiVR@doh.hawaii.gov](mailto:DOH.MauiVR@doh.hawaii.gov).
