

THE HEMP POTENTIAL: Community-Based Biodiesel to Grow Hawaii's Circular-Economy

Presented by:

Bob King

Founder & President

July 24, 2024

Biodiesel Made in Hawaii, for Hawaii

2024 Expansion to Kaua'i

A Regenerative Agriculture & Renewable Energy zero-waste model for **“food first, then fuel”**

- USACE Hawaii ag-based biodiesel
- 1,000+ acre scale
- Sunflowers & other oilseed cover crops
- Culinary Oils + Meal for local Livestock Feed

Hemp in Hawaii?

Challenges from the Beginning...

- Lack of State urgency and support
- Limited access to traditional capital
- Lack of clarity in government regulations
- Market confusion

Mahalo!
