Department of Health:

123 New Coronavirus Cases Includes 18 Children

A third day of triple-digit case numbers is being reported by DOH and is the first time total cumulative cases have exceeded 2,000. The 123 newly diagnosed cases include 18 pediatric cases (18-years-old and younger) and follows 32 pediatric cases reported yesterday. Public health authorities continue to remind everyone to be kind and to act with care, as not only do we need to protect our kupuna, but everyone we love and cherish, including our keiki. Please, each of us must act as if we have the virus and take responsibility for preventing its spread by physically distancing, wearing masks, and washing our hands frequently.
