**Vaccine Acceptance on the Rise in Hawai'i**

91% of respondents in a recent statewide survey plan to get the COVID-19 vaccine, a strong indication that attitudes about the vaccine are rapidly shifting since administration of the vaccinations first began in mid-December.

According to the survey commissioned by the DOH, 55% plan to get vaccinated as soon as they are eligible and 36% will wait before receiving their vaccinations. The survey, conducted by Anthology Research from Dec. 30, 2020 to Jan. 11, 2021, included 445 adult Hawai'i full-time residents statewide. Anthology has been tracking resident attitudes and behaviors relating to the pandemic on a regular basis since April 2020.

Previous surveys conducted by the Hawai'i Department of Health and the University of Hawai'i before the vaccinations were available in Hawai'i showed about 50% of residents would accept COVID-19 vaccine, while the other half indicated they did not plan to get vaccinated or were still undecided.

"This is a positive change in a relatively short time," said Dr. Elizabeth Char, DOH. "As we anticipated, those who were initially hesitant about getting the vaccine are now much more comfortable as they see family, friends, co-workers and others safely receiving their first and second doses."

### **Crisis Counseling Available Statewide**

Kū Makani, The Hawai'i Resiliency Project is now providing crisis counseling support during the COVID-19 pandemic. Trained crisis counselors are available to listen, provide connections to local resources, and help sort through complicated feelings of stress, worry, sadness, hopelessness, and confusion. During these difficult times, it can be helpful to gain the support of a counselor. By calling the free and anonymous crisis line, a Kū Makani counselor provides a safe and judgement free space to talk and discover connections you may need. If you're facing a crisis, or simply need to talk, contact 1-800-753-6879 and press 1 to ask for a Kū Makani Crisis Counselor.

### **Statewide Inmate Testing Continues**

The Maui Community Correctional Center (MCCC) reports 38 inmate test results as part of mass testing efforts underway at the facility. Of that number, four (4) were positive and 34 were

negative. The total positive inmate cases are at 12. No MCCC staff have reported having COVID-19.

COVID-19 testing is continuously being conducted statewide at all facilities. Halawa Correctional Facility (HCF) reports one (1) positive staff result and one (1) staff recovery. HCF also reports that the remaining three (3) inmate cases have been medically cleared as no longer active COVID-19 cases. That means Halawa is now clear of all active inmate cases. The O’ahu Community Correctional Center (OCCC) reports one (1) positive staff result. There were 29 negative OCCC inmate test results received. **Additional Airlines Offering Mainland Testing on a Trial Basis**

CLEAR’s Health Pass technology for COVID-19 screening of inbound travelers is being added to the state’s Safe Travels Program. Starting February 18, travelers on select flights from Los Angeles International Airport (LAX) to Daniel K. Inouye International Airport (HNL) through Delta Air Lines and United Airlines can enroll and use the technology to securely link their negative COVID-19 test results to their verified identity before traveling.
