Electronic Lab Reporting Undercount Today

DOH reports 67 new cases of coronavirus today. There was one (1) additional death of an O'ahu man, 90-99-years-old, who had underlying conditions and passed away in the hospital.

Due to a temporary interruption in electronic laboratory reporting (ELR), today's case counts may be an undercount of true cases detected by clinical laboratories on Tuesday, Feb. 16. The

reporting feeds were re-established Tuesday by 3:30 p.m. and DOCD expects to see catch-up reporting of the additional cases through tomorrow.

This report includes cases up until Tuesday at 11:59 p.m. Full data is posted on the State COVID-19 dashboard and on the DOH Disease Outbreak & Control Division website daily: HawaiiCOVID19.com/data-dashboard.

Department of the Attorney General:

Two California Residents Arrested for Quarantine Violation

This morning Special Agents from the AG's Investigations Division arrested two Fresno, California residents for violating the state's COVID-19 quarantine rules. 22-year-old Miriam Rosas and 34-year-old Abel Rosas were arrested after an alert had been sent out to Waikīkī hotels.

Agents say the pair attempted to check into one hotel on Tuesday without evidence of a COVID-19 test or exemption. After being told they needed to go into mandatory quarantine they refused to check in and left.

The alert resulted in agents learning the couple's location. They had checked into another hotel on the pretense of being Hawai'i residents. Bail has been set at \$2,000 each and as of now the pair were still in custody, unable to post bail.

Department of Public Safety:

Statewide Inmate Testing Continues

COVID-19 testing is continuously being conducted statewide at all facilities. The Maui Community Correctional Center (MCCC) reported 71 inmate test results. Of that number, nine (9) were positive and 62 were negative. There are also two (2) more MCCC inmate recoveries. That brings the total active positive inmate cases on Maui to 25 and recovered cases to four (4). All 51 MCCC staff results received were negative. Halawa Correctional Facility (HCF) reported one (1) negative inmate result and three (3) negative staff results. HCF is clear of all active inmate cases. The O'ahu Community Correctional Center (OCCC) reported 25 negative inmate

results. OCCC is also clear of all active inmate cases. For more information on PSD's planning and response efforts to COVID-19:
